**SUMMARY  
OF  
CORRECTIVE  
MEASURES**

## New Procedures

The entire Common Pleas Caseload Statistical Reporting process was redesigned and rewritten in 2010, in an effort to improve the accuracy and consistency of the reporting. Knowledge gained through dealing with issues from previous years' reporting and also from the creation of the Dependency Reports was harnessed. As a result, most of the issues that negatively affected previous years' reports have been alleviated.

In addition, the run-time was reduced from 12-18 hours to 3-4 hours.

## New Tables

The many tracking tables that were created last year are no longer necessary. Instead, the new process creates a single, denormalized table. Crystal reports are then used to create the final reports.

## Case Universe

Data from any case that was in Active case status at any point during the reporting period is included in the new table. Cases which should be excluded from the final report are then identified and flagged. Cases to exclude are:

1. Any case with an *Administrative Closure* disposition, or a case processing status of *Administrative Closure* or *Awaiting Administrative Closure*.
2. Any case where the Active case status is the result of a post-adjudicatory warrant. These cases are not considered truly Active from a statistical reporting perspective, because they have already been counted as Adjudicated previously and have not been refiled.
3. Any case that both starts and ends the year in Inactive case status, regardless of what happens to the case in the interim.

## Begin Pending

Cases are counted as ***Begin Pending*** if they are Active on the first day of the reporting period and either:

1. The case had never received a non-tentative, potentially final disposition (pre-adjudicatory)
2. The case had previously received a non-tentative, potentially final disposition, but had been reopened prior to the start of the reporting period.

## New Cases Received

Cases are counted as ***New Cases Received*** if they did not exist prior to the start of the reporting period, but are Active at some point during the reporting period. The original filing date would be during the current reporting period.

## Cases Reopened

***Reopened*** cases are those that became Active during the reporting period after previously being either Closed or Inactive, and do not meet the criteria to be included as either Begin Pending or New Cases Received. These cases are ones that:

1. Were refiled during the reporting period, after being closed in a prior reporting period
2. Were disposed with a diversionary disposition in a prior reporting period, but the ARD was unsuccessful and the case became Active again during the reporting period.
3. Had a pre-adjudicatory warrant in a prior reporting period returned during the current reporting period.

## Cases Disposed

To count as **Disposed**, a case must have been Adjudicated or Closed during the reporting period. These cases are then counted according to how they were last disposed during the reporting period. For example, a case that was Withdrawn, refiled, and then disposed with a Guilty Plea, is counted only under Guilty Pleas.

## Other

**Other** includes cases that were disposed with any disposition that is not counted in any other category. These can include specific dispositions such as *Defendant Deceased* or *Case Transfer*, but also cases that are Uncategorized, i.e. there is a change in status from Active to Adjudicated or Closed but there is no associated non-tentative, potentially final disposition recorded on the case.

## Inactive

To be counted as **Inactive**, a case must have been Active at any time during the reporting period, must have ended the reporting period in Inactive status, must not have been adjudicated during the reporting period unless it was subsequently refiled, and must not have begun the reporting period in Inactive status.

## End Pending

To be included as **End Pending**, the case must be active at the end of the reporting period and either:

1. Never received a non-tentative potentially final disposition
2. Already received a non-tentative potentially final disposition and was subsequently reopened.

These cases are also categorized according to how long the case has been Active since it was last filed or refiled. Time spent in Inactive status is not included in this calculation.

## Data Fixes

The following data fixes were undertaken prior to the completion of the reports:

1. Eliminating duplicate timestamps for 1939 cases which were identified as being in two or more different case statuses at the exact same time.
2. Correcting case processing status from *Migrated Case* to *Migrated Case (Active)* for 2099 cases that were obviously Active since they were migrated.
3. Correcting case processing status from *Migrated Case (Active)* to *Migrated Case (Closed)* for 129 cases that had had no activity since migration.
4. Correcting 2010 case processing status dates to the correct date for 206 records.
5. Adding a disposition of *Migrated Case (Closed)* to 11 cases on the request of Cambria County.
6. Adding a disposition of *Migrated Case (Closed)* and corresponding case events and docket entries to 1077 cases that had no activity since migration.
7. Adding a disposition of *Awaiting Trial - GP Withdrawn* for 1030 cases that were being incorrectly counted as Disposed (Guilty Plea).
8. Adding a case event of *Guilty Plea Filed*, a disposition of *Guilty Plea to a Lesser Charge*, and a case processing status of *Awaiting Sentencing* to 787 cases with a docket entry of *Guilty Plea Agreement Filed*. In addition, metadata was added to automate this change for future occurrences.
9. Adding a disposition of *ARD – County Open* for 17 cases that had a later disposition of *ARD – County*.
10. Correcting invalid dates, ranging from year 3993 to 9992, on case processing records on 6 cases.

## Report Layout

The report layouts have been updated to look more consistent. In addition, totals have been added to the bottom of the three county-by-county reports.

## Outstanding Data Issues

### End Pending Over 360 Days

There is still a large number of cases that are being counted as **End Pending Over 360 Days**. In July a list of all such cases was sent to the counties, to allow these to be cleaned up. As a result of county intervention, many cases that would have counted as End Pending Over 360 days were disposed instead. However, in many instances, the dates recorded for the case clean-up were entered as being in 2010. As a result, while such cases will not appear in future years' reports, they still appear on this year's report because they were Active at the end of 2009.

### Disposed Other (Uncategorized)

There is still a large number of cases that are being counted as **Disposed Other (Uncategorized)**. This happens when case status changes from Active to Adjudicated or Closed and one or more of the following also occurs:

1. No corresponding final disposition is recorded
2. The final disposition is recorded but is marked as Pending
3. The final disposition is recorded but with a Disposition Date that is not in the same month as the date the case status changed to Adjudicated or Closed.

### Unexpected Case Status

On some occasions cases exhibit unexpected case statuses. This includes instances where case status changes from Closed to Adjudicated; from Inactive to Closed; or from Inactive to Adjudicated; without being Active at any point during the interim.

The future introduction of Precluding and Prerequisite logic will reduce this problem.

### Recommendations to Improve Data

On a regular basis, possibly Quarterly, but to be determined, we will run draft Caseload Statistics reports. This will allow us to identify cases with any of the following issues:

1. Cases that have been in Active status for over a year
2. Cases that are being counted as Uncategorized (i.e. Adjudicated or Closed with no corresponding non-tentative, potentially final disposition)
3. Cases with unexpected ordering of case status (i.e. case status changes from Inactive to Adjudicated or Closed; or from Closed to Adjudicated).

We will provide a list to each county of every case that meets one of the above criteria and will offer our assistance to correct the cases. The most likely methods to fix issues will be either to add missing entries (dispositions, docket entries, etc.) or correct existing entries (erroneous dates, dispositions incorrectly marked as pending, etc.).

## PACSES NOTE

Support data for each judicial district are supplied to the Administrative Office from the Department of Public Welfare’s automated system “Pennsylvania Child Support Enforcement System” (PACSES). The Non-Judicial Officer disposition category is divided into two subcategories—Conference/Intake Officer and Hearing Officer--to better reflect the different procedures by which support cases may be disposed.

Pa.R.C.P. 1910.10 requires counties to choose one of two procedures for hearing support matters. The president judge or the administrative judge of the family division of each county must certify to the Domestic Relations Procedural Rules Committee that support proceedings are conducted in accordance with Rule 1910.11 or Rule 1910.12.

In counties operating under Pa.R.C.P. 1910.11, a conference is held before a conference/intake officer, an interim order is then entered, and if one or both of the parties are dissatisfied, a hearing *de novo* is held before a judge. Counties operating under Pa.R.C.P. 1910.11 do not utilize hearing officers; hearing officers are attorneys appointed by the court.

The procedures set forth in Pa.R.C.P. 1910.12 provide for a conference before a conference/intake officer and an interim order. If one or both parties are not satisfied with the interim order, a *de novo* hearing on the record is held before a hearing officer. The hearing officer then issues a report with recommendations, to which the parties may file exceptions with a judge.

\* Montgomery County uses hearings conducted by a conference officer, which is followed by an off-the-record *de novo* hearing before an attorney master/conciliator, followed by a *de novo* hearing before a judge.

Please note that in support cases, the “Other” category is only used to report cases that are transferred to another county or state. Dismissals, withdrawals, stipulations and agreements between the parties are included in the Conference/Intake Officer, Hearing Officer, or Judge categories, as appropriate.
