MAGISTERIAL DISTRICT JUDGE COST CODE TABLE EFFECTIVE **JANUARY 1, 2010**

Act 113 of 2001 renews and extends authorization for annual court cost and fee increases, which was first provided for by Act 167 of 1992. The annual increases in court costs are based upon the increase in the Consumer Price Index. The applicable increase for this period is .1%. In addition, the regulation amounts have been rounded to the next fifty cents for purposes of accounting and operational efficiency. Following this page is the new cost table that includes the cost code amounts for 2007 through 2010.

After January 1st, you must cancel the existing costs on a case before you can change the issue date or file date to a date prior to January 1st. If you try to change the date without canceling the existing costs, you will receive an error message "Issue (File) date may not be changed. First cancel cost XX." (XX is the cost type maintained on the case.)

If an officer writes old costs on a citation after January 1st, you can use the cost type C0 (C Zero). When you enter the citation, answer the question "Do Statute Descrs. & Amt. Match Initial Charge (Y/N)" with N for No. To enter costs on the case, access the Maintain Costs screen and enter the cost type "C0." You will then receive a screen where you fill in the old costs as they appear on the citation. You can use the cost table to confirm the correct cost code amounts.
