CASELOAD: The statistics provided are used to compare the average annual caseload of each magisterial district to the class of county average as one measure to assess whether any changes should be proposed. Reported values are provided by the judicial district; the comparison values are provided by the MDJS.

WORKLOAD: Where the average annual workload of a magisterial district is greater/less than 15% of the judicial district's workload average, the judicial district should realign - OR - explain why this difference does not impact workload equity within the judicial district. A value that is green indicates it is within range; red requires justification if realignment or elimination are not proposed.

FOURTEENTH JUDICIAL DISTRICT
UNIONTOWN, PENNSYLVANIA 15401

GERALD R. SOLOMON
PRESIDENT JUDGE

FAYETTE COUNTY
COURT OF COMMON PLEAS

March 1, 2012

Mr. Joseph Mittleman
Director, Judicial Programs
Administrative Office of Pennsylvania Courts
1515 Market Street
Philadelphia, PA 19101

Dear Mr. Mittleman:

Enclosed please find the complete plan for Fayette County, 14th Judicial District, made pursuant to the Magisterial District Reestablishment Guidelines. The plan was developed after many hours of effort put forth by the office of our Court Administrator, the Magisterial District Judges, and myself.

As you may recall, when the Magisterial Districts were last reduced, our county suffered the loss of five Magisterial Districts, and our current plan calls for the loss of one more District. I firmly believe that the seven remaining Magisterial Districts will be able to meet the needs and demands of the citizens of our county, as well as meet the expectations of the Chief Justice and the Administrative Office of Pennsylvania Courts.

Should anything further be needed, or if you have any questions, do not hesitate to contact me.

Very truly yours,

Gerald R. Solomon
President Judge

D.	If YES, how does this difference impact workload equity within your judicial district? A little lower but to change we would have to either break up Uniontown City in which the division of the wards would be very confusing to the public, or give all of Uniontown City to another district court and most are already above the 15 % average.

The development of, and opening of, the Fayette County Booking Center, which serves every police department in Fayette County, is located in the city of Uniontown. VIII. ADDITIONAL COMMENTS:	<p>The opening in 2012 of the Mon-Fayette Expressway throughout this District and into the State of West Virginia has resulted in a large increase in traffic and related activities not only because of the added convenience to motorists and commercial drivers, but also because this District is the main retail hub of Fayette County. Contained in this District is the Uniontown Mall, a new Super Wal-Mart, a new Home Depot, and the chain retail stores K-Mart, Lowes, Target and Gabriel's. To relocate a municipality into this District would be detrimental to the workload of both Districts.</p>

Once the casino is opened, it is projected that visitors will increase tenfold. Also under construction in the District is a Sheetz, a KIA dealership, and a Nissan Dealership. Marcellus Shale wells have been developed, and are being developed, throughout the District and there are numerous frac plants throughout the mountain area of the District.
