Judicial District Summary Sheet

County Name: **Westmoreland**

Judicial District #: **10**

Night/Central/Alternate Court Operations

This judicial district utilizes the following diversionary courts to assist in balancing workload:

Central Court: **No** Night Court: **Yes**

MDJs are rotated through county-wide night court via video conferencing from his/her office.

Public Comment

Proposal Posted for Public Comment: **Yes** Comments Received: **Yes**

1. Andrew M. Stofan, President, Latrobe Area Chamber of Commerce: does not support elimination of 10-2-08.
2. Mike Ferguson: opposed to eliminating 10-2-08
3. Gary A. Falatovich, Solicitor, Unity Township: objects to elimination of 10-2-08 because it is a "one size fits all" approach that is not applicable to the circumstances of Westmoreland County. This change would increase the judge to population ratio, and does not take into account the growth in Unity Township or the demographic/geographic makeup of the township served by 10-2-08.
4. James E. Ramsey, Carla L. Wano and Anthony J. Wano, citizens: As residents of Unite Township, support office closure but do not support realignment to 10-3-09 because of the increase of distance, especially in inclement weather.
5. Mark J. Bilik, 10-3-08: Letter after 1/11/12 meeting with Mr. Paul Kuntz and Don Heagy to discuss reestablishment. This MDJ supports adding City of Latrobe to his district but cautions that additional municipalities will move this district's caseload out of line with the targeted "5,600" cases.
6. John Martin, citizen: does not support proposal and suggests moving MDJ Bilik to Mahady's office.

- General Comments**
1. 10-2-02 was eliminated effective 12/31/09.
 2. Largest third class county in land mass but second lowest in terms of population density - which makes it challenging to compare to other third class counties.
 3. Over the last twenty years, this county has eliminated five districts.
 4. This proposal uses statistics combining two districts for the last two years, so averages and benchmarks may appear to be incorrect. See appendix A analysis of submitted proposal.

Magisterial District Reestablishment 2012

County Name: Westmoreland

Judicial District #: 10

Existing and Proposed Magisterial Districts

Magisterial District #: 10-1-01

Proposed Action: Realign

| | | | |
|---|--------|---|--------|
| Average Annual Caseload: | 3,486 | Average Annual Workload: | 29,372 |
| % Difference in Caseload (magisterial district/judicial district): | -25.00 | % Difference in Workload (magisterial district/judicial district): | -17.00 |
| % Difference in Caseload (magisterial district/class of county): | -36.00 | <i>Workload outside of a +/- 15% range requires realignment or support to maintain current configuration.</i> | |

This proposal uses statistics combining two districts for the last two years, so averages and benchmarks may appear to be incorrect. See appendix A analysis of submitted proposal.

Magisterial District Judge & Office Information:

Joseph R. DeMarchis
101 Jayhawk Drive
Jeannette, PA 15644

Birthdate: 12-5-55

Existing and Proposed Magisterial Districts

Magisterial District #: 10-1-04

Proposed Action: Reestablish

| | | | |
|---|--------|---|--------------|
| Average Annual Caseload: | 4,339 | Average Annual Workload: | 50,833 |
| % Difference in Caseload (magisterial district/judicial district): | -7.00 | % Difference in Workload (magisterial district/judicial district): | 44.00 |
| % Difference in Caseload (magisterial district/class of county): | -20.00 | <i>Workload outside of a +/- 15% range requires realignment or support to maintain current configuration.</i> | |

This district was recently realigned in 2010 by combining 10-1-04 and 10-2-02. It is urban in nature and has a high criminal caseload/workload.

This proposal uses statistics combining two districts for the last two years, so averages and benchmarks may appear to be incorrect. See appendix A analysis of submitted proposal.

Magisterial District Judge & Office Information:

Cheryl J. Peck-Yakopec
46 Town Center Drive
Leechburg, PA 15656

Major Highways: PA 56, PA 356, PA 366, PA 66

Existing and Proposed Magisterial Districts

Magisterial District #: 10-1-05

Proposed Action: Reestablish

| | | | |
|---|--------|---|--------------|
| Average Annual Caseload: | 3,594 | Average Annual Workload: | 51,474 |
| % Difference in Caseload (magisterial district/judicial district): | -23.00 | % Difference in Workload (magisterial district/judicial district): | 46.00 |
| % Difference in Caseload (magisterial district/class of county): | -34.00 | <i>Workload outside of a +/- 15% range requires realignment or support to maintain current configuration.</i> | |

Because of the district's location at the edge of the county, adjustments would bring other districts out of balance.

This proposal uses statistics combining two districts for the last two years, so averages and benchmarks may appear to be incorrect. See appendix A analysis of submitted proposal.

Magisterial District #: 10-2-01

Proposed Action: Realign

| | | | |
|---|-------|---|--------|
| Average Annual Caseload: | 5,435 | Average Annual Workload: | 37,123 |
| % Difference in Caseload (magisterial district/judicial district): | 17.00 | % Difference in Workload (magisterial district/judicial district): | 5.00 |
| % Difference in Caseload (magisterial district/class of county): | 0.00 | <i>Workload outside of a +/- 15% range requires realignment or support to maintain current configuration.</i> | |

Changes in this district will occur twice. First, on January 1, 2013, Southwest Greensburg Borough will be added to decrease caseload in 10-2-10. New Stanton Borough, Hunker Borough and Hempfield Twp voting district of New Stanton will be removed both to offset the effect of adding Southwest Greensburg Borough and to increase caseload in 10-3-10. Second, this district will realign into Unity Township on MDJ Mahady's (10-2-08) mandatory retirement date of 1/1/2018 or any earlier termination of that district which may include the end of MDJ Mahady's current term of office on 1/3/1016.

This proposal uses statistics combining two districts for the last two years, so averages and benchmarks may appear to be incorrect. See appendix A analysis of submitted proposal.

Notes on Analysis:

CASELOAD: The statistics provided are used to compare the average annual caseload of each magisterial district to the class of county average as one measure to assess whether any changes should be proposed. Reported values are provided by the judicial district; the comparison values are provided by the MDJS.

WORKLOAD: Where the average annual workload of a magisterial district is greater/less than 15% of the judicial district's workload average, the judicial district should realign - OR - explain why this difference does not impact workload equity within the judicial district. A value that is green indicates it is within range; red requires justification if realignment or elimination are not proposed.

| | |
|---|------------------|
| I. JUDICIAL DISTRICT NUMBER: | 10 |
| A. Wh at is the class of county? | 3 |
| B. Wh at is the percentage difference in the average annual caseload between this judicial district and the applicable class of county? | -15% |
| II. PROPOSED ACTIONS: | |
| A. List existing magisterial districts: 10-1-01, 10-1-03, 10-1-04, 10-1-05, 10-2-01, 10-2-03, 10-2-06, 10-2-08, 10-2-09, 10-2-10, 10-3-01, 10-3-02, 10-3-05, 10-3-08, 10-3-09, 10-3-10, 10-3-11 | |
| B. Does this judicial district have an annual average caseload that is ten percent above the average caseload for the applicable class of county? | NO |
| 1. If the answer to II. B. above is <i>NO</i> , are eliminations proposed? | YES |
| a)List magisterial districts proposed for elimination. 10-2-08 (10-2-02 was also eliminated effective 12/31/09) | |
| b)If no eliminations are proposed based on II. B. above, what are the factors for this decision? | |
| 2. If the answer to II. B. above is <i>YES</i> , are eliminations proposed? | Choose Yes or No |
| a)List magisterial districts proposed for elimination. 10-2-08 | |
| C. Are any magisterial districts proposed for reestablishment? | YES |
| 1. List magisterial districts proposed for reestablishment. 10-1-04, 10-1-05, 10-2-03, 10-2-09, 10-3-02, and 10-3-05 | |
| D. Are any magisterial districts proposed for realignment? | YES |

JUDICIAL DISTRICT SUMMARY WORKSHEET

- 1. List magisterial districts proposed for realignment.
10-1-01, 10-1-03, 10-2-01, 10-2-06, 10-2-10, 10-3-01, 10-3-08, 10-3-09, 10-3-10, 10-3-11

III. NIGHT AND CENTRAL COURT OPERATIONS

A. Is there a night court operating within the judicial district? YES

B. Is there a central court operating within the judicial district? NO

C. Note comments regarding how night, central or other similar court programs impact operations within the judicial district.
Magisterial District Judges and staff are rotated through county-wide night duty. They report to their regular offices from which they conduct most proceedings via video conferencing.

IV. PUBLIC COMMENT

- A. A request for public comment was posted: YES
- B. Comments were received: YES
- C. Comments are attached: YES

V. ADDITIONAL REMARKS CONCERNING PROPOSAL:

The Tenth Judicial District consists entirely of Westmoreland County. Westmoreland is the largest of the third class counties covering a land mass of 1,028 square miles. One of our proposed districts, 10-3-09, at 326 square miles, is larger than Delaware County and almost as large as Lehigh at 345 square miles and Northampton at 370.

At 355 persons per square miles, Westmoreland also has the second lowest population density of third class counties behind Erie at 351 persons per square miles. (See Table 1). Although it has a population of 365,169, most of the tenth judicial district is rural in nature with several small pockets of urban and suburban areas. Much of this county is mountainous. Westmoreland's total population and classification as a third class County is more a function of its geographical size than similarities with densely populated class 2A and third class counties adjacent to urban areas. This judicial district has more in common with third class counties of similar population density and fourth class counties in general than densely populated third and class 2A counties.

Although Westmoreland appears to have a low caseload compared to the average of other third class counties (5,426), Table 2 illustrates that Westmoreland's caseload is

average to above average when compared to counties with similar population density. The argument for objective comparisons based solely on the class of county does not address the demographic characteristics and needs of the various counties as well as comparisons by population density. Otherwise Westmoreland, a third class county with a population density of 355 persons per square mile would be held to a much stricter standard (5,426 cases) than Beaver or Cumberland, fourth class counties with greater population densities (4,244 cases) (See: Table 1).

Furthermore, due in large part again to geo-demographic factors, any attempt to equalize workload and cases among the magisterial districts is difficult at best. Our target in developing this plan was to attempt to lower the workload in our busiest courts while raising the workload in our least busy courts. Also to the extent possible, consideration was given to geo-political factors such as police departments and school districts.

The Tenth Judicial District has bucked the upward trends in numbers of offices over the past twenty years. In 1992, we reduced the number of our magisterial districts through attrition from 21 to 19. In 2002, we reduced that number further to 18. For us, the redistricting process has been ongoing resulting in our elimination of magisterial district 10-2-02 for the 2010 calendar year thereby reducing the number a third time to 17 districts. We hope that given the recency in time that the Court will consider the elimination of 10-2-02 towards its overall goal of reducing the number of magisterial districts statewide.

This plan reduces the number of magisterial districts in the Tenth Judicial District further from 17 to 16 for a net decrease over the past 20 years of five districts or a 23.8% reduction. The 2010 elimination of 10-2-02, together with the proposed elimination of 10-2-08 in this plan, results in a net decrease of 2 districts or 11% since approval of the last statewide redistricting plan.

TABLE 3 summarizes our proposal by providing case and workload data, together with variances, both for the current 17 and the proposed 16 magisterial districts configurations. In analyzing this situation and developing this plan, we note that averages provided by the AOPC were based on 18 districts (4,406 cases and 33,488 workload). We recalculated averages based on the existing 17 magisterial district courts in Westmoreland (4,644 cases and 35,215 workload). The year 2010 reduction was accomplished by consolidating districts 10-1-04 and 10-2-02 and keeping the designation "10-1-04." Consequently we combined the six year averages for the two districts in determining the average case and work loads for 10-1-04 (4,399 and 50,833 respectively). See: Appendix A Analysis.

The range in caseload between current alignment and the redistricted county is

JUDICIAL DISTRICT SUMMARY WORKSHEET

reduced by 601 cases or 13%; workload is reduced by 10,937 units or 35%.

TABLE 4 provides demographic information, not specifically requested, but of major importance to our deliberations. This table also indicates the statutory classification of each magisterial district pursuant to 42 Pa.C.S.A. 1503(a). Both TABLE 4 and individual Reestablishment Worksheets indicate whether there should be a change in classification and magisterial district number of the 16 proposed districts.

Finally, we published our proposal and solicited comments through the Westmoreland County homepage and through a Press Release. As a result of responses, our original recommendation was modified to address concerns over office location and the number of offices in which Latrobe/Unity school district would do business. Both the Press Release and Comments are included as Appendix B.

| Mahady | 10-2-08 | ----- | ----- | ----- | ----- |
| Weimer | 10-2-09 | 10-1- | 37416 | 28.3 | 1252 |
| Albert | 10-2-10 | 10-2-10 | 14,892 | 4.05 | 3,677 |
| Mansour | 10-2-01 | 10-2-01 | 17,400 | 23.5 | 739 |
| Conway | 10-3-02 | 10-2- | 25,514 | 45.2 | 565 |
| Buczak | 10-3-05 | 10-3-05 | 16,592 | 100 | 165 |
| Bilik | 10-3-08 | 10-3-08 | 27,390 | 112 | 245 |
| Thiel | 10-3-09 | 10-3-09 | 31,349 | 326 | 96 |
| Moore | 10-3-10 | 10-3-10 | 20,292 | 80 | 253 |
| Eckels | 10-3-11 | 10-3-11 | 17,888 | 106.32 | 168 |

42 Pa.C.S.A. 1503

First Class – at least 15,000 population and population density of more than 1,000

Second Class – more than 4,000 population and population density of more than 400

TABLE 4

Third Class – not less than 4,000 population and population density of less than 400

| | First | Second | Third |
|------------------------|-------|--------|-------|
| Current (17 districts) | 4 | 7 | 6 |
| 16 Districts | 2 | 8 | 6 |

APPENDIX A
ANALYSIS

Step 1 Eliminate through attrition

Step 2

Use average caseload by reviewing offices within WMC, and further compare to counties of our size:

| | |
|---|--------------------|
| Average caseload for third class counties | 5,440 |
| Total WMC caseload is | 78,940 |
| Average caseload for WMC | 4,644 ¹ |

In order to reach the average caseload, WMC would be reduced to 14.51 courts.

CASELOAD (6 year average)

| | CR | NT | PC | TR | Civ | L/T | MD | Totals | Variance 3 rd Class |
|-------------------|-----|------|-----|------|-----|-----|----|--------------|-----------------------------------|
| 101 DeMarchis | 361 | 341 | 167 | 2223 | 250 | 105 | 39 | 3486 | -35.9% |
| 103 Dalfonso | 446 | 1101 | 183 | 1599 | 159 | 96 | 33 | 3617 | -33.6% |
| 104 & 202 Yakopec | 504 | 635 | 810 | 1793 | 362 | 141 | 94 | 4339 | -20.2% |
| 105 Pallone | 653 | 870 | 795 | 728 | 262 | 239 | 47 | 3594 | -33.9% |
| 201 Falcon | 422 | 324 | 268 | 3994 | 268 | 113 | 46 | 5435 | 0% |
| 203 Kistler | 286 | 311 | 126 | 3637 | 152 | 40 | 46 | 4598 | -15.5% |
| 206 Christner | 391 | 469 | 508 | 2708 | 228 | 100 | 18 | 4422 | -18.7% |
| 208 Mahady | 516 | 371 | 344 | 2416 | 371 | 85 | 47 | 4150 | -23.7% |
| 209 Weimer | 471 | 325 | 134 | 3337 | 335 | 102 | 30 | 4734 | -13% |
| 210 Albert | 618 | 792 | 212 | 5491 | 469 | 193 | 63 | 7838 | 44.1% |
| 301 Mansour | 385 | 182 | 414 | 4626 | 184 | 112 | 73 | 5976 | 10% |
| 302 Conway | 340 | 266 | 151 | 3026 | 304 | 42 | 58 | 4187 | -23% |
| 305 Glenn | 276 | 329 | 98 | 5048 | 151 | 61 | 27 | 5990 | 10.1% |
| 308 Bilik | 307 | 527 | 105 | 2164 | 185 | 61 | 50 | 3399 | -37.5% |
| 309 Thiel | 174 | 351 | 79 | 2948 | 169 | 35 | 26 | 3782 | -30.5% |
| 310 Senior | 306 | 366 | 350 | 2302 | 198 | 53 | 12 | 3587 | -34.1% |
| 311 Eckels | 222 | 193 | 166 | 4976 | 161 | 45 | 43 | 5806 | 6.7% |
| Totals | | | | | | | | 78940 | -14.6% |

¹ The statistics provided by the AOPC show an average of 4,404. The above calculations are based on adding 10-1-04 and 10-2-02 and dividing by 17.

APPENDIX A
ANALYSIS

Step 3

If average is not 10% ABOVE county size average, we must provide an explanation why we are not recommending closing any districts.

| | Average Cases | Variation from Average 3 rd Class | Average Workload | Variation from Average 3 rd Class |
|---------------------------|---------------|--|------------------|--|
| Berks | 6681 | 22.7% | 54445 | 26.1% |
| Chester | 7132 | 31.1% | 40839 | -5.4% |
| Dauphin | 6824 | 25.4% | 57437 | 33.1% |
| Erie | 3224 | -41.3% | 32025 | -30.7% |
| Lackawanna | 4378 | -19.5% | 38257 | -11.8% |
| Lancaster | 5562 | 2.2% | 39015 | -9.6% |
| Lehigh | 6592 | 21.2% | 53263 | 23.4% |
| Luzerne | 4239 | -22.1% | 38329 | 11.2% |
| Northampton | 4845 | -10.9% | 34451 | -20.2% |
| Westmoreland ² | 4644 | -14.6% | 35215 | -18.4% |
| York | 5783 | 6.3% | 48576 | 12.5% |

Step 4

Based on caseload analysis (Step 2) determine whether to eliminate OR simply reestablish with explanation.

1. 17 DISTRICTS – no elimination with some districts realigned

| | | |
|------------------|-------|--------|
| Average caseload | 4644 | -14.6% |
| Average workload | 35215 | -18.4% |

2. 16 DISTRICTS – eliminate 1 and realign others

| | | |
|------------------|-------|--------|
| Average caseload | 4934 | -9.3% |
| Average workload | 37416 | -13.3% |

3. 15 DISTRICTS – eliminate 2 and realign others

| | | |
|------------------|-------|-------|
| Average caseload | 5263 | -3.3% |
| Average workload | 39910 | -7.6% |

4. 14 Districts – eliminate 3 and realign others

| | | |
|------------------|-------|-------|
| Average caseload | 5639 | 3.7% |
| Average workload | 42761 | -0.9% |

5. 13 Districts

| | | |
|----------|-------|-------|
| caseload | 6072 | 11.6% |
| workload | 43169 | 6.7% |

² Once again, this is based on 17 courts and adjusted averages of 4,644 and 35,215.

APPENDIX A
ANALYSIS

Step 5

Evaluate workload when confronted with eliminating one or more.

WORKLOAD (6 year average)

| | CR | NT | PC | TR | Civ | L/T | MD | Totals | Variance 3 rd Class |
|----------------------|-------|-------|------|-------|------|------|------|--------|-----------------------------------|
| 101 DeMarchis | 13256 | 3662 | 1792 | 5068 | 2822 | 1513 | 1259 | 29372 | -32% |
| 103 Dalfonso | 16389 | 11821 | 1969 | 3645 | 1794 | 1395 | 1064 | 38077 | -11.8% |
| 104 & 202 Yakopec | 18476 | 10405 | 8695 | 4086 | 4081 | 2050 | 3040 | 50833 | 17.8% |
| 105 Pallone | 23978 | 9347 | 8533 | 1659 | 2959 | 3456 | 1542 | 51474 | 19.2% |
| 201 Falcon | 15496 | 3480 | 2877 | 9106 | 3027 | 1639 | 1498 | 37123 | -14.1% |
| 203 Kistler | 10484 | 3344 | 1355 | 8292 | 1716 | 572 | 1487 | 27250 | -36.9% |
| 206 Christner | 14364 | 5039 | 5456 | 6174 | 2570 | 1450 | 575 | 35628 | -17.5% |
| 208 Mahady | 17277 | 3491 | 1439 | 7609 | 4179 | 1231 | 1542 | 36768 | -14.2% |
| 209 Weimer | 17277 | 3491 | 1439 | 7609 | 3777 | 1482 | 966 | 36041 | -14.8% |
| 210 Albert | 22681 | 8506 | 2277 | 12519 | 5290 | 2797 | 2063 | 56133 | 30.0% |
| 301 Mansour | 14125 | 1958 | 4448 | 10548 | 2074 | 1619 | 2378 | 37150 | -13.9% |
| 302 Conway | 12485 | 2855 | 1620 | 6899 | 3433 | 608 | 1878 | 29778 | -31% |
| 305 Glenn | 10122 | 3535 | 1049 | 11509 | 1701 | 888 | 890 | 29694 | -31.2% |
| 308 Bilik | 11285 | 5658 | 1122 | 4933 | 2081 | 876 | 1639 | 27594 | -36.1% |
| 309 Thiel | 6371 | 3768 | 848 | 6721 | 1910 | 507 | 847 | 20972 | -51.4% |
| 310 Senior | 11242 | 3925 | 3754 | 5247 | 2235 | 765 | 402 | 27570 | -36.1% |
| 311 Eckels | 8140 | 2073 | 1779 | 11346 | 1814 | 647 | 1401 | 27200 | -37% |
| Totals | | | | | | | | 598657 | |

| | |
|--|---------------------|
| Average workload statistics for 3 rd class counties | 43,169 |
| Total workload for WMC | 598,657 |
| Average workload for WMC | 35,215 ³ |

In order to reach the average, WMC would need to reduce to 13.92 courts

³ AOPC statistics show an average Westmoreland workload of 33,488. The above calculation is based on combining 10-1-04 and 10-2-02, and dividing by 17.

APPENDIX A
ANALYSIS

Step 6

Assure that no district has a total workload 15% higher or lower than others within the district. Based on average of 4644 cases and 35,215 workload.

| | Cases | Variance | Workload | Variance |
|----------------------|-------|----------|----------|----------|
| 101 DeMarchis | 3486 | -25% | 29372 | -16.6% |
| 103 Dalfonso | 3617 | -20.5% | 38077 | 8.1% |
| 104 & 202 Yakopec | 4339 | -6.6% | 50833 | 44.4% |
| 105 Pallone | 3594 | -22.7% | 51474 | 46.2% |
| 201 Falcon | 5435 | 17% | 37123 | 5.4% |
| 203 Kistler | 4598 | -1% | 27250 | -22.6% |
| 206 Christner | 4422 | -4.8% | 35628 | 1.2% |
| 208 Mahady | 4150 | -10.7% | 36768 | 4.4% |
| 209 Weimer | 4734 | 2% | 36041 | 2.3% |
| 210 Albert | 7838 | 68.8% | 56133 | 59.4% |
| 301 Mansour | 5976 | 28.7% | 37150 | 5.5% |
| 302 Conway | 4187 | -9.9% | 29778 | -15.5% |
| 305 Glenn | 5990 | 29% | 29694 | -15.7% |
| 308 Bilik | 3399 | -26.8% | 27594 | -21.7% |
| 309 Thiel | 3782 | -18.6% | 20972 | -40.4% |
| 310 Senior | 3587 | -22.8% | 27570 | -21.7% |
| 311 Eckels | 5806 | 25% | 27200 | -22.8% |
| Totals | 78940 | | | |

Step 7

Consider other listed factors.

- Geography
- Business developments along US 30 from North Huntingdon through Unity Twp
- Marcellus Shale Drilling
- Possible veteran diversionary program
- Opening of US Route 22
- Comparison with third and fourth class counties with Westmoreland at 16 courts (reduction from 17)

APPENDIX A
ANALYSIS

Third & Fourth Class County Comparison by Caseload (Westmoreland at 16 courts)

| | Class | Average Cases | Average Workload |
|--------------|-------|---------------|------------------|
| Chester | 3 | 7132 | 40839 |
| Dauphin | 3 | 6824 | 57437 |
| Berks | 3 | 6681 | 54445 |
| Lehigh | 3 | 6592 | 53263 |
| Cumberland | 4 | 6479 | 45774 |
| York | 3 | 5783 | 48576 |
| Lancaster | 3 | 5562 | 39015 |
| Westmoreland | 3 | 4934 | 37416 |
| Butler | 4 | 4894 | 42024 |
| Northampton | 3 | 4845 | 34451 |
| Washington | 4 | 4655 | 36065 |
| Lackawanna | 3 | 4378 | 38257 |
| Beaver | 4 | 4333 | 36645 |
| Luzerne | 3 | 4239 | 38329 |
| Schuylkill | 4 | 4184 | 35967 |
| Fayette | 4 | 3394 | 32265 |
| Erie | 3 | 3224 | 32025 |
| Cambria | 4 | 2907 | 29447 |

RETIREMENTS

The following are the next mandatory retirements:

| | | |
|-------------------|---------|------|
| James Falcon | 10-2-01 | 2014 |
| Charles Christner | 10-2-06 | 2017 |
| Michael Mahady | 10-2-08 | 2017 |

APPENDIX A
ANALYSIS

Caseload And Workload Analysis Under The Recommended Plan.

| | Cases | Variance | Workload | Variance |
|----------------------|-------|----------|----------|----------|
| 101 DeMarchis | 3592+ | -23% | 32964+ | -12% |
| 103 Dalfonso | 4062 | -18% | 42103 | 13% |
| 104 & 202 Yakopec | 4339 | -12% | 50833 | 36% |
| 105 Pallone | 3594 | -27% | 51474 | 38% |
| 201 Falcon | 4697+ | -5% | 35165+ | -8% |
| 203 Kistler | 4598 | -7% | 27250 | -27% |
| 206 Christner | 3977 | -19% | 31602 | -16% |
| 208 Mahady | ----- | ----- | ----- | ----- |
| 209 Weimer | 4734 | -4% | 36041 | -4% |
| 210 Albert | 6782 | 37% | 48872 | 31% |
| 301 Mansour | 5880- | 19% | 36690- | 2% |
| 302 Conway | 4187 | -15% | 29778 | -20% |
| 305 Buczak | 5990 | 21% | 29694 | -21% |
| 308 Bilik | 5229 | 6% | 42189 | 12.8% |
| 309 Thiel | 3920- | -21% | 32383- | -13% |
| 310 Moore | 5648+ | 14% | 35779+ | -4% |
| 311 Eckels | 7430 | 51% | 32266 | -14% |
| Totals | | | | |

Note: the above is based on an average of 4934 cases and 37,416 work load.

Note: The addition of a "+" or "-" after a number demonstrates that the number was calculated using only known quantities. Since there is no breakdown of case and work load per voting precinct or district, we have not calculated any potential increases/decreases by adding/deleting those.

Note: The three districts with the highest workloads, 10-1-04, 10-1-05, and 10-2-10, are all in relatively high crime areas. Two, 10-1-04 and 10-2-10, are in county-owned offices. 10-2-10 is being divested of one of its two jurisdictions through this plan and could not be further reduced without unnecessary hardship. The other two are adjacent and any adjustments to address these workloads could affect judicial residences and unnecessarily inconvenience police departments and the public. All three run smoothly as is, and the adjustment in 10-2-10 contributes to equity throughout the judicial district.

PRESS RELEASE

January 9, 2012

THE COURT OF COMMON PLEAS ANNOUNCES THE POSTING OF ITS MAGISTERIAL DISTRICT COURT REDISTRICTING PLAN

President Judge Gary P. Caruso announces that the Court's Magisterial District Court Redistricting Plan is posted on the Westmoreland County's Home Page at www.co.westmoreland.pa.us for review and public comment. The Supreme Court of Pennsylvania requires that each judicial district submit a redistricting plan every ten years following the census.

Over the past twenty years, the Court of Common Pleas, with the cooperation of the Westmoreland County magisterial district judges, has reduced the number from 21 to our current level of 17 with the last reduction occurring in 2010 in the Lower Burrell, Vandergrift, Allegheny Township area. Upon the recommendation of a committee consisting of Judges John Blahovec and Richard McCormick, Magisterial District Judges Helen Kistler and James Falcon, and Court Administrators Paul Kuntz and Donald Heagy, the proposed Plan would reduce the number of district courts in Westmoreland County even further from 17 to 16.

President Judge Gary P. Caruso states, "The Committee seeks the public's comment on the proposed Plan. The public comments shall be received through Friday, January 27, 2012. We appreciate any constructive comments which can help the Committee in conducting its work." The public comments should be sent to the Westmoreland County Court Administrator's Office at 2 North Main Street, Greensburg, Pa. 15601, OR by e-mail to crtadmin@co.westmoreland.pa.us.

District Court Administrator Paul Kuntz states, "The Committee's major recommendation is the elimination of District Court 10-2-08, located in Latrobe Borough, Unity Township, and the Youngstown Borough. Latrobe Borough and several voting districts of Unity Township would be combined with District Court 10-3-08 in Derry Township; Youngstown Borough would be combined with District Court 10-3-09 located in Ligonier Borough, and Unity Township would be served by District Courts 10-3-08, 10-3-09, and 10-2-01, located in Hempfield Township."

APPENDIX B

The Plan also includes other realignments including the transfer of Donegal Borough and Townships back into 10-3-11 located in Mt. Pleasant Township, Southwest Greensburg into 10-2-01 located in Hempfield Township, and Hunker and New Stanton Boroughs to 10-3-10 located in Scottsdale.

###

PRESS RELEASE

326 McKinley Avenue – Suite 102
Latrobe PA 15650
724-537-2671

January 26, 2012

Mr. Paul Kuntz
Westmoreland County Court Administrator
2 North Main Street
Greensburg, PA 15601

Dear Mr. Kuntz,

We read with great interest the recent article in the Tribune-Review about the reduction in the number of Magisterial District Judge offices statewide, and Westmoreland County's plans to eliminate one office within the County.

While we applaud the plan to cut spending and the cost of government to taxpayers, it appears that the plan to eliminate Michael Mahady's Unity Township office 10-2-08 was crafted by convenience (given Judge Mahady's plan to retire within the next two years) and not based on factual evidence or common sense. Unity Township itself, and the greater Unity/Latrobe/Youngstown area, is one of the few *growing* areas within Westmoreland County. The most recent census shows that population of this area is on the rise, as well as commercial and industrial growth, particularly along the Route 30 corridor. Carving Unity Township up among several other Magisterial offices will not only inconvenience people in the Unity/Latrobe/Youngstown area who would require such services in the future, but would add to the cost of municipal and state law enforcement agencies by making them travel more frequently to Ligonier, Mt. Pleasant, and Hempfield (offices where you propose to shift and divide up Judge Mahady's caseload).

The City of Latrobe employs a full time police department, and their officers spend significant time adjudicating cases at the Magisterial District Office. State troopers from the Greensburg barracks also spend a good portion of their official time there, and their fuel costs and increased hours spent travelling to Ligonier would increase proportionally.

On behalf of our area's local governments, our businesses and industries, and our citizens, the Latrobe Area Chamber of Commerce urges you to reconsider your plan to eliminate Magisterial District Court 10-2-08 in Unity Township. The caseload volume at this office is significant, and other options must be available to the Court Administrator's office in considering this closing.

Thank you for your consideration.

Sincerely,

Andrew M. Stofan, President

TABLE 1

TABLE 1 Class 2 – 4 Counties Sorted By Population Density

| County | Class Size | Avg Caseload | Population Density |
|--------------|------------|--------------|--------------------|
| Delaware | 2-A | 4516 | 3041 |
| Allegheny | 2 | 8947 | 1676 |
| Montgomery | 2-A | 7124 | 1656 |
| Bucks | 2-A | 6768 | 1035 |
| Lehigh | 3 | 6592 | 1013 |
| Northhampton | 3 | 4845 | 805 |
| Chester | 3 | 7132 | 665 |
| Lancaster | 3 | 5562 | 550 |
| Dauphin | 3 | 6824 | 511 |
| York | 3 | 5783 | 481 |
| Berks | 3 | 6701 | 480 |
| Lackawanna | 3 | 4378 | 467 |
| Cumberland | 4 | 6479 | 432 |
| Beaver | 4 | 4333 | 392 |
| Luzerne | 3 | 4239 | 360 |
| Westmoreland | 3 | 4644 | 355 |
| Erie | 3 | 3224 | 351 |
| Washington | 4 | 4655 | 243 |
| Butler | 4 | 4894 | 233 |
| Cambria | 4 | 2907 | 209 |
| Schuylkill | 4 | 4184 | 190 |
| Fayette | 4 | 2254 | 173 |

Dear Paul,

I am writing to express my concern regarding the decision to close the Latrobe/Unity Twp. Magistrate office after Mike Mahady retires. Specifically, I am puzzled by the logic and/or rationale for this decision. Can you tell me why our community was targeted for this reduction? Can you offer any insight as to the thought process? I certainly understand that this provides the sitting MDJ's with security, but are there other considerations which have not been disclosed?

I would respectfully suggest that the Latrobe/Unity area is one that should be at the bottom of your list for closing, given the growing population and ever increasing commercialization of our community. The following is a short list of the entities whose existence justify the continued operation of the MDJ office in our community:

1. The Arnold Palmer Regional Airport, which is growing rapidly and is becoming a regional transportation hub and source of commercial outgrowth.
2. Kennametal Corporation and Corporate Center.
3. St. Vincent College
4. Excelsa Health-Latrobe Area Hospital.
5. All of the businesses along the highly commercialized and rapidly expanding portion of State Route 30 in Unity Twp.
6. The 30,000 plus residents of Latrobe, Unity Twp. and Youngstown, a population that is one of the few in Westmoreland County which has experienced steady growth in the recent past.

There are many other factors to be cited which could justify retaining the MDJ office in our community, but time and space are inadequate. Our caseloads are substantially greater than many of the MDJ offices being spared, and our growth will surely continue to justify the need for an MDJ within the confines of the Greater Latrobe School District, which, again, is one of the largest school districts in the county. Hempfield, population 40,000, has two MDJ offices, Penn Twp. population 20,000, has its own Magistrate, as do small communities such as Scottdale, Ligonier, West Newton and Apollo.

I understand and appreciate the many factors to be considered when making decisions of this magnitude. I know these are not simple matters, but I hope that the decision is driven by honest analysis of community demographics, caseloads and growth trends rather than politics. In any event, I know that you and your committee will produce a thoughtful, well reasoned solution to the issue.

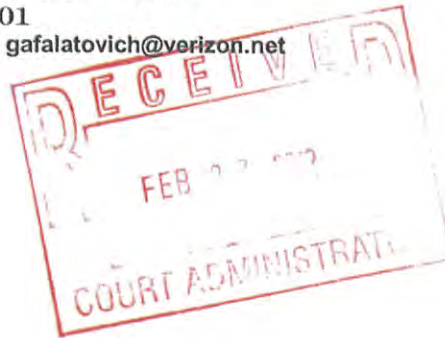

Some of our community leaders and elected officials have expressed a desire to meet with you and or your committee to discuss these issues and concerns. Would that be a possibility? I am not suggesting a public free for all, just a face to face meeting with the appropriate officials. Your thoughts on this issue and any of the concerns being raised in our community would be greatly appreciated. Thanks Paul.

Sincerely,

Mike Ferguson

Re: Magisterial District Reestablishment
Elimination and Reestablishment of
Magisterial District 10-2-08 Serving
Unity Township, the City of Latrobe
And Youngstown Borough

Dear Mr. Kuntz:

This correspondence will confirm our conversation on January 25, 2012 regarding the above matter. As you know, I act as Solicitor for Unity Township. I am sending this letter to you on behalf of its Board of Supervisors to express their concerns, dissatisfaction and objection to the proposed elimination and reestablishment/redistribution of Magisterial District 10-2-08. We understand the Supreme Court's directive to reduce expenses by consolidating and eliminating districts, and appreciate the stringent guidelines imposed upon the Committee in its endeavors. As such, we are not offering these comments in criticism of your efforts. We are, however, submitting them because we believe district reestablishment decisions should not be principally based on attrition or that "intact" communities should be split along voting precincts merely for the purpose of expediency or cost reduction. Cutting costs is one thing. Being "cost effective" is something different. Requiring the Committee to work within standardized redistricting guidelines to meet a targeted savings amount is equivalent to requiring a surgeon to work with a hatchet. This process fails to take into consideration local geographic and geo-political needs or dynamics. It applies a "one size fits all" approach to a complex matter and will ultimately yield a poor result.

We also question the initial premise that an "across the board" reduction is necessary and wonder whether Westmoreland County residents in general, and residents of District 10-2-08 in particular, are being asked to disproportionately sacrifice services without consideration to statewide uniformity or fairness. It seems reasonable that the size of the population served by a magisterial district should be taken into consideration when cost savings are at issue. There are twelve (12) 3rd Class Counties in Pennsylvania classified by populations between 200,000 and 499,999. Westmoreland County is 5th in overall population at 365,169. It has 17 magisterial districts resulting in one (1) judge for every 21,480 people. By comparison, Dauphin County, with a population of 268,100 has 15 magisterial districts resulting in one (1) judge for every 17,873 people. Erie, with a population of 280,566 has 16 magisterial districts for an average of

one (1) judge for every 17,535 people. Statistically, the greatest judge to person ratio among 3rd Class Counties is in Chester County, where its population of 498,866 is divided among 19 magisterial districts resulting in a ratio of one (1) judge for every 26,257 people. This ratio is consistent with larger counties like Allegheny where 1,223,348 people are served by 46 magisterial districts, with an average of one (1) judge for every 26,594 people.

Reducing Westmoreland County's magisterial districts to 16 would only increase the judge to population ratio to one (1) for every 22,823 people. Dauphin County would need to reduce its number of magisterial districts to 12 to match that ratio. Erie County would need to make a similar reduction. It is not lost on us that Dauphin County is the home of the State Capital, Erie County is the home of former Governor Ridge and these Counties have the lowest magisterial district judge to person ratio among Pennsylvania 3rd Class Counties.

Conversely, Magisterial District 10-2-08 serves a population of 31,271¹; some 45% higher than Westmoreland County's statistical average and 19.1% higher than the Chester County average. One would think that "cost effectiveness" and the economy of scale would demand serving the largest number of people with the least amount of resources. Conversely, the current proposal would close an office serving a substantially larger population than others. This does not make economic sense. Especially where the effective population of District 10-2-08 is increased each day by 1,929 full time students attending St. Vincent College. It also raises a question as to whether a 10% "across the board" reduction does not become a regressive approach to savings as those who are already at a high judge to population service ratio suffer disproportionately to those at the other end of the spectrum.

The nature of the community served by the District, and its potential for future growth, should also be taken into consideration. The population of Westmoreland County is concentrated along Route 30, extending from the Allegheny County line in North Huntingdon Township and ending at the eastern end of Unity Township at the Kingston Dam. Magisterial District 10-2-08 currently contains 7% of the County's land mass. It also grew in residential population during the last census and now contains 8.6 % of the County's population. Its business community has also rapidly expanded. It currently accommodates two (2) Westmoreland County Industrial Parks, the Arnold Palmer Regional Airport (with over 31,000 flights in 2011), St. Vincent College, the Greater Latrobe Area School District; four (4) major shopping centers (including a K-Mart, Walmart and Lowes Home Improvement Store), the Latrobe Hospital, the Arnold Palmer Cancer Center, two (2) major grocery stores, multiple fast-food restaurants, two (2) major pharmacies, two (2) existing hotels, multiple banks and three (3) separate municipal governments. Residents from other areas come to this district for work and other services. The existing retail trade area for this Magisterial District is estimated to serve some 50,000 people. It is difficult to find the logic in closing an efficient office, physically located within a few minutes of each of the foregoing facilities, and redistributing its case load to outlying areas miles away.

In addition, Unity Township continues to grow. The airport's commercial carrier, Spirit Air, is expanding services. The Unity Township Board of Supervisors has approved plans for the expansion of several retail and manufacturing facilities. Others are pending. The Marriott is

¹ The combined populations of Unity Township, the City of Latrobe and Youngstown Borough

constructing a 134 room hotel adjacent to Kennametal's facility next to the airport that will be open in 2012. The Unity Township commercial district, like others' along Route 30, is an integral part of the County's business corridor. Commerce brings people. People bring financial disputes, collection cases, ordinance enforcement actions and, unfortunately, crime. This is evidenced by looking within the numbers and comparing the caseload handled within the districts affected by this decision.²

For example, when looking at the statistics from January 2011 through November 30, 2011:

1. District Court 10-3-09 (Judge Thiel's) disposed of 2796 cases. Of those, 2248 (80.4%) were motor vehicle tickets, 224 (8%) were summary/ordinance violations, 150 (5.4%) were misdemeanor or felony cases and 174 (6.2%) were civil.
2. District Court 10-3-08 (Judge Bilik's) disposed of 4070 cases. Of those, 3104 (76.3%) were motor vehicle tickets, 542 (13.3%) were summary/ordinance violations, 190 (4.7%) were misdemeanor or felony cases and only 234 (5.7%) were civil.
3. District Court 10-2-01 (Judge Falcon's) disposed of 4725 cases. Of those, 3733 (79%) were motor vehicle tickets, 359 (7.6%) were summary/ordinance violations, 289 (6.3%) were misdemeanor or felony cases and 334 (7.1%) were civil matters.
4. District Court 10-2-08 (Judge Mahady's) disposed of 2526 cases. Of those, only 1442 (57.1%) were motor vehicle tickets, 407 (16.1%) were summary ordinance violations, 304 (12%) were misdemeanor/felony cases and 373 (14.8%) were civil.

It would seem to make sense that the redistribution of a high number of traffic tickets and a lesser number of more time consuming cases could be more efficiently handled by the recipient office than the redistribution of a smaller number of traffic tickets and a large number of time consuming cases. In addition, the redistribution of District 10-2-08's caseload will have a disproportionate impact on Unity Township's general population and business community. Closing this office would remove it from the Route 30 business corridor and decrease its accessibility to the Township's central business community. Other larger municipalities like North Huntington Township, Hempfield Township³, the Municipality of Murrysville and Penn Township have their principal Magisterial District Judges' Offices located within their communities and a within a stone's throw of their central business areas. Those civil cases that

² We would note that the caseload numbers posted on the County Website are misleading and create a false assumption that all cases handled by the Court are the same. I would hope you would acknowledge that a civil action to collect a debt of \$11,000, an Ordinance enforcement issue or a preliminary hearing on a misdemeanor or felony, requires more effort than processing a "mail in" fine paid on a speeding ticket.

³ Judge Mansour's office is within walking distance of the Route 30 corridor.

were easily prosecuted through an office a short distance away would now need to be filed in offices that were geographically inconvenient at best. This would require additional time, cost and expense to be incurred by “victims” or “enforcement personnel” in the prosecution of cases.

Finally, when we discussing the realignment the other day, you asked, “What is the difference if Latrobe goes to 10-2-08 (Mahady’s) or 10-3-08 (Bilik’s)”, as neither office is within its geopolitical boundaries. Obviously, from a geographic perspective, the answer is “not much”. However, and with all respect, I think this question illustrates a lack of understanding of the diversity of the population within our county, the independent sense of community that exists within it and the failings of applying a “one size fits all” approach.

As an attorney who has worked with people in most of the municipalities within Westmoreland County, I can attest there are differences in attitudes and opinions from place to place. Westmoreland County does not have a homogenous or collective mentality. If you run once for county-wide office, you will understand what I mean. For example, even though they are geo-politically adjacent, people who live in Jeannette think differently than people residing in Penn Township. People residing in Murrysville think differently than those in Salem Township and residents of the City of Greensburg think differently than those in Hempfield Township.

However, those differences are not really present in District 10-2-08 because each of the municipalities located within it are served by a common school district. People from Marguerite and Whitney know people from Latrobe because they went to school together. Latrobe, Unity Township and Youngstown Borough share sewage facilities, Recreational Services and Library Services. Although there may be squabbles, these communities are linked by geography, history and a common educational experience provided through the Greater Latrobe Area School District.⁴

Moreover, to the majority of the population in this area, the elected Magisterial Judge is “the law” within their community. Cases tend to begin and end at the local level. Residents elect, trust and are more likely to respect decisions made by members of their own community. We believe it is a mistake to divide a district with a common community of thought and redistribute it among others who may be considered “outsiders”. Right or wrong, it is difficult for people to feel satisfied by a decision unless they believe a judge understands and, more importantly, cares about them and the community they are serving. In fact, the first concern raised by our Unity Township Zoning/Code Enforcement Officer was whether a judge from outside the current district would care about enforcing local regulations where other municipalities within their district do not have or enforce similar regulations.

You should also be aware that the ability to have a decision made by one’s peers has more of an impact at the local level than it does on a county level. We are not so certain that people who reside in this District will be readily accepting of decisions made by someone outside their “community”, no matter how fair it may be. Consequently, you may see more appeals to the Court of Common Pleas. Since I began representing Unity Township in 2007, I

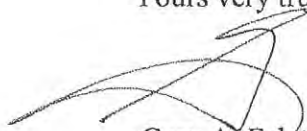

⁴ Similar to the Penn-Trafford School District link between Trafford, Level Green and Penn Township in Judge Kistler’s District and the Franklin Regional School District link between Murrysville, Export and Delmont in Judge Conway’s District.

have appeared before Judge Mahady on approximately 100 cases and only one (1) of his decisions was appealed. Most cases resolve before him because the litigants respect the decision of a person of integrity within their community.

We understand this is a difficult process, but we also believe the current plan does not meet current community expectations or consider long-term community needs. As such, the Unity Township Board of Supervisors strongly objects to same. Please be advised that we are willing to meet with members of the Reestablishment Committee at their convenience to discuss this matter further. Please contact me if they choose to do so.

If you have any other questions or comments, please feel free to contact me at your convenience. Thank you for the time to reply.

Yours very truly,

Gary A. Falatovich

Judge G. Caruso,

This is in reference to the proposed district court redistricting plans. I live in Unity Township and vote in Roble District. Closing the Mahady Office seems logical. However, transferring Roble and others to Theil in Ligonier is poorly conceived. Transferring to Biliks court is much more logical. Traveling 20-22 miles to and from Ligonier is much more inconvenient compared to six to eight miles to Biliks office, especially in the winter.

Citizens James E. Ramsey, Carla L. Wano, and Anthony J. Wano

Jumbling around DJ offices doesn't sit well with Unity

By Paul Peirce, TRIBUNE-REVIEW
Thursday, January 12, 2012

Unity redistricting

-- Residents who vote in the Crabtree and Kuhns districts would be assigned to Derry District Judge Mark Blikk's office in Bradenville, which also would take in Latrobe from District Judge Michael Mahady's current jurisdiction.

-- Baggaley, Beatty, Dorothy, Gravel Hill, Loydsville, Pleasant Unity, Roble and Whitney residents would be added to Ligonier District Judge Denise Thiel's district. Youngstown residents, now served by Mahady, would be assigned to Thiel's office.

-- The voting districts of Dennison, Marguerite and Mutual would be added to Falcon's office in Hempfield.

A proposed magisterial district court redistricting plan that would eliminate one office has raised questions and objections from officials in three central Westmoreland County communities.

Officials from the City of Latrobe, Unity and Youngstown plan to meet with Unity District Judge Michael Mahady to review a plan announced this week by President Common Pleas Court Judge Gary Caruso that would eliminate Mahady's seat by 2018.

Caruso released a proposal by a six-member committee that would reduce the number of magisterial district judges in the county from 17 to 16.

"We definitely plan to challenge it in Unity Township," supervisor Chairman Mike O'Barto said on Wednesday.

"I just don't understand how they arrived at this conclusion to carve our municipality and make our residents now go to three separate offices when we're one of the few municipalities in the county that actually experienced a growth in population, according to the 2010 census," O'Barto said.

Unity's population grew to 22,607 by 2010, an increase of 1,470. Hempfield, with the largest population in the county at 43,241, has two district justice offices -- occupied by James Falcon and Mark Mansour -- within its boundaries.

Penn Township, where population increased by 414 to 20,005, has its own magistrate office staffed by District Judge Helen Kistler in Harrison City.

"We have a major highway artery -- Route 30 -- in our township and a lot of businesses that appreciate the convenience of an office that is so easily accessible, right on Route 981," O'Barto said. "It does not make sense when other communities are losing their populations but are keeping their (district judge) offices."

The office would not be eliminated until after Mahady's mandatory retirement age of 70 in 2017. Mahady declined comment on the plan yesterday.

Latrobe Manager Alex Graziani said city officials are eager to get answers about how the plan was developed.

"(Mahady's) office is not in Latrobe, but this decision certainly impacts us because of the number of man-hours our police staff have to spend there filing citations, attending hearings and so forth," Graziani said.

"We're one of the municipalities that will be impacted by this, and we all have many mutual concerns about it," he said.

Youngstown Mayor James Yazvec said he wants to discuss the issue with Mahady and officials in Unity and Latrobe.

"But if they ultimately say you have to go to Ligonier now ... really, what can you do?" Yazvec asked.

Compared with the other 16 offices, Mahady's average annual caseload appears to be in the middle of the pack. According to the county figures, Mahady's office has an annual caseload of 4,150.

Those numbers were higher than:

- District Judge Denise Thiel in Ligonier, 3,782;
- District Judge Joseph Dalfonso in Monessen, 3,617;
- District Judge Frank Pallone in New Kensington, 3,594;
- District Judge Chuck Moore in Scottsdale, 3,587;
- District Judge Joseph DeMarchis in Jeannette, 3,486
- and District Judge Mark Blikk in Derry, 3,399.

However, county officials maintain that some office averages are skewed by traffic citations written along major highways such as the Pennsylvania Turnpike

that dramatically push up the number of cases but do not require hearings and proceedings.

Among the 17 districts, District Judge James Albert in Greensburg had the highest average annual caseload with 7,838. The county plans to reduce Albert's caseload by moving Southwest Greensburg into Falcon's office.

Common Pleas Court Administrator Paul Kuhns noted that in the past 20 years, the county has reduced the number of magisterial districts from 21 to 17. The last reduction was in 2010 when an office that covered Vandergrift and Lower Burrell was merged with Cheryl Peck-Yakopec's Allegheny Township office.

Kuntz said redistricting routinely comes after each census, but the state Supreme Court has indicated that this time it wants each county to reduce the number of district justice offices by 10 percent.

The study panel comprises former President Common Pleas Court Judge John Blahovec and Judge Richard McCormick, district judges Kistler and Falcon, and court administrators Paul Kuntz and Donald Heagy.

Public comments on the realignment plan should be received by Jan. 27 and mailed to the Westmoreland County Court Administration's office, 2 N. Main St., Greensburg, PA 15601, or sent via e-mail to: crtadmin@co.westmoreland.pa.us.

The committee plans to review the comments and revise the plan, if necessary, before forwarding it to the state Supreme Court.

TRIBUNE-REVIEW

Jumbling around DJ offices doesn't sit well with Unity

By Paul Peirce
TRIBUNE-REVIEW

Thursday, January 12, 2012

A proposed magisterial district court redistricting plan that would eliminate one office has raised questions and objections from officials in three central Westmoreland County communities.

Officials from the City of Latrobe, Unity and Youngstown plan to meet with Unity District Judge Michael Mahady to review a plan announced this week by President Common Pleas Court Judge Gary Caruso that would eliminate Mahady's seat by 2018.

Caruso released a proposal by a six-member committee that would reduce the number of magisterial district judges in the county from 17 to 16.

"We definitely plan to challenge it in Unity Township," supervisor Chairman Mike O'Barto said on Wednesday.

"I just don't understand how they arrived at this conclusion to carve our municipality and make our residents now go to three separate offices when we're one of the few municipalities in the county that actually experienced a growth in population, according to the 2010 census," O'Barto said.

Unity's population grew to 22,607 by 2010, an increase of 1,470. Hempfield, with the largest population in the county at 43,241, has two district justice offices -- occupied by James Falcon and Mark Mansour -- within its boundaries.

Penn Township, where population increased by 414 to 20,005, has its own magistrate office staffed by District Judge Helen Kistler in Harrison City.

"We have a major highway artery -- Route 30 -- in our township and a lot of businesses that appreciate the convenience of an office that is so easily accessible, right on Route 981," O'Barto said. "It does not make sense when other communities are losing their populations but are keeping their (district judge) offices."

The office would not be eliminated until after Mahady's mandatory retirement age of 70 in 2017. Mahady declined comment on the plan yesterday.

Latrobe Manager Alex Graziani said city officials are eager to get answers about how the plan was developed.

"(Mahady's) office is not in Latrobe, but this decision certainly impacts us because of the number of man-hours our police staff have to spend there filing citations, attending hearings and so forth," Graziani said.

"We're one of the municipalities that will be impacted by this, and we all have many mutual concerns about it," he said.

Youngstown Mayor James Yazvec said he wants to discuss the issue with Mahady and officials in Unity and Latrobe.

"But if they ultimately say you have to go to Ligonier now ... really, what can you do?" Yazvec asked.

Compared with the other 16 offices, Mahady's average annual caseload appears to be in the middle of the pack. According to the county figures, Mahady's office has an annual caseload of 4,150.

Those numbers were higher than:

- District Judge Denise Thiel in Ligonier, 3,782;
- District Judge Joseph Dalfonso in Monessen, 3,617;
- District Judge Frank Pallone in New Kensington, 3,594;
- District Judge Chuck Moore in Scottdale, 3,587;
- District Judge Joseph DeMarchis in Jeannette, 3,486
- and District Judge Mark Bilik in Derry, 3,399.

However, county officials maintain that some office averages are skewed by traffic citations written along major highways such as the Pennsylvania Turnpike that dramatically push up the number of cases but do not require hearings and proceedings.

Among the 17 districts, District Judge James Albert in Greensburg had the highest average annual caseload with 7,838. The county plans to reduce Albert's caseload by moving Southwest Greensburg into Falcon's office.

Common Pleas Court Administrator Paul Kuhns noted that in the past 20 years, the county has reduced the number of magisterial districts from 21 to 17. The last reduction was in 2010 when an office that covered Vandergrift and Lower Burrell was merged with Cheryl Peck-Yakopec's Allegheny Township office.

Kuntz said redistricting routinely comes after each census, but the state Supreme Court has indicated that this time it wants each county to reduce the number of district justice offices by 10 percent.

The study panel comprises former President Common Pleas Court Judge John Blahovec and Judge Richard McCormick, district judges Kistler and Falcon, and court administrators Paul Kuntz and Donald Heagy.

Public comments on the realignment plan should be received by Jan. 27 and mailed to the Westmoreland County Court Administration's office, 2 N. Main St.,

Greensburg, PA 15601, or sent via e-mail to:
crtadmin@co.westmoreland.pa.us.

The committee plans to review the comments and revise the plan, if necessary, before forwarding it to the state Supreme Court.

COMMONWEALTH OF PENNSYLVANIA

COUNTY OF WESTMORELAND

DERRY TOWNSHIP
DERRY BOROUGH
NEW ALEXANDRIA BOROUGH

MARK J. BILIK

DISTRICT JUDGE

Magisterial District 10-3-08

5092 Rte. 982

Bradenville PA 15627-1059

OFFICE:

TEL 724-539-7200

FAX 724-539-7217

January 13, 2012

Mr. Paul Kuntz
Westmoreland Co. Court Administrator
2 North Main Street
Westmoreland Co. Courthouse
Greensburg, PA 15601

Dear Mr. Kuntz:

This letter is as a result of a meeting on January 11th, 2012 that took place with you, Special Court Administrator, Don Heagy and myself.

The purpose of this meeting was to discuss the Magisterial District re-establishing being planned for Westmoreland County. Specifically at issue was the proposal addition of the City of Latrobe and the two township precincts of Crabtree and Kuhns from Unity Township into District Court 10-3-08, composed of Derry Township, Derry Borough and New Alexandria Borough.

I informed you and Don that I am not opposed to acquiring the City of Latrobe but anymore additions would put Court 10-3-08 out of line with the targeted average case load of 5600 cases. The basis for this can be found in several factors. First, with the completion of State Route 22 thru New Alexandria Borough and Derry Township after seven years of construction has resulted in 1500 more cases being filed in our office this year. Secondly, the City of Latrobe over the last five years has averaged 1830 cases per year. I feel that this case number will increase after the districting change has occurred. It is therefore conceivable that this office case load could easily reach 7000 cases per year. Based upon these facts I am requesting the elimination of the two Unity Township precincts.

Sincerely,

A handwritten signature in cursive script that reads "Mark J. Bilik".

Mark J. Bilik
Magisterial District Judge 10-3-08

| C. Mandatory Retirement Date (m/d/yyyy): | 12/31/2028 |
| D. Office Location (Street, City and Zip code): | 303 Riverview Drive Monessen 15062 |
| E. Is the office within the boundaries of the magisterial district: | YES |
| F. Is the residence of the magisterial district judge within the boundaries of the magisterial district: | YES |
| G. List any police departments located within this magisterial district: | City of Monessen, Rostraver Township, North Belle Vernon Borough, PSP |
| H. List any major highways within this magisterial district: | I 70 |
| VI. LIST EXISTING MAGISTERIAL DISTRICT MUNICIPALITIES: | |
| City Of Monessen, Rostraver Township (Voting Districts Of Pricedale And Webster) | ✓ |
| VII. LIST PROPOSED MAGISTERIAL DISTRICT MUNICIPALITIES: | |
| City Of Monessen, Rostraver Township (Voting Districts Of Pricedale, And Webster, And Borough Of North Belle Vernon) | ✓ |
| VIII. ADDITIONAL COMMENTS: | |
| <p>The effective date of this Realigned District will be January 1, 2018, which is the mandatory retirement date for Charles Christner of 10-2-06. The effective date could be sooner if MDJ Christner retires or otherwise vacates his office prior to that date.</p> <p>We would move the Borough of North Belle Vernon, which is where MDJ Charles Christner resides, and the Rostraver voting district of Lynwood into this district, upon MDJ Christner's retirement, because of their proximity and orientation to Monessen. The Borough of North Belle Vernon would increase average Criminal, Non-Traffic, Private Complaints, and Traffic filings by 445 cases, and average workload by 4,026. Total caseload would be 4062 (-18% variation for the new county average of 4,934 cases) and workload would be 42,103 (13% above the new county workload of 37,416).</p> <p>Total population for this urban/suburban district is 11,822 with a total area of 11.5 square miles and a population density of 1028. Because the population is less than 15,000, this should be designated as a magisterial district of the second class. We recommend that the number of this district be changed accordingly to 10-02- .</p> | |

MAGISTERIAL DISTRICT REESTABLISHMENT WORKSHEET

| | |
|---|---|
| C. Mandatory Retirement Date (m/d/yyyy): | 12/31/2022 |
| D. Office Location (Street, City and Zip code): | 46 Town Center Drive Leechburg 15656 |
| E. Is the office within the boundaries of the magisterial district: | YES |
| F. Is the residence of the magisterial district judge within the boundaries of the magisterial district: | YES |
| G. List any police departments located within this magisterial district: | Lower Burrell, Upper Burrell, Vandergrift Burrell, Allegheny Township, West Leechburg and PSP |
| H. List any major highways within this magisterial district: | Pa. 56, Pa. 356, Pa. 366, and Pa. 66 |
| VI. LIST EXISTING MAGISTERIAL DISTRICT MUNICIPALITIES: | City Of Lower Burrell, Upper Burrell Township, East Vandergrift Borough, Hyde Park Borough, Oklahoma Borough, Vandergrift Borough, West Leechburg Borough And Allegheny Township ✓ |
| VII. LIST PROPOSED MAGISTERIAL DISTRICT MUNICIPALITIES: | City Of Lower Burrell, Upper Burrell Township, East Vandergrift Borough, Hyde Park Borough, Oklahoma Borough, Vandergrift Borough, West Leechburg Borough And Allegheny Township ✓ |
| VIII. ADDITIONAL COMMENTS: | <p>This district was recently reestablished in 2010 by combining 10-1-04 and 10-2-02. Caseload and workload statistics reported in this document are a combination of the two districts and not merely the statistics reported for 10-1-04. Although caseload is less than average third class counties, workload is considerably more. We would not recommend adding to this district in order to increase caseload as doing so would considerably increase the workload variation. The anticipated case and workload statistics of 4,339 and 50,833 respectively would be -12% of the new average caseload of 4,934, and 36% above the new average workload of 37,416.</p> <p>This district has a population of 30,733 people in 60.77 sq miles for a population density of 505.73. This suburban district is a magisterial district of the second class and should be renumbered accordingly as 10-02- .</p> |

MAGISTERIAL DISTRICT REESTABLISHMENT WORKSHEET

| | |
|---|--------------------------------------|
| C. Mandatory Retirement Date (<i>m/d/yyyy</i>): | 12/31/2014 |
| D. Office Location (Street, City and Zip code): | 327 Armburst Road Youngwood 15697 |
| E. Is the office within the boundaries of the magisterial district: | YES |
| F. Is the residence of the magisterial district judge within the boundaries of the magisterial district: | YES |
| G. List any police departments located within this magisterial district: PSP, South Greensburg Borough (Southwest Greensburg would be transferred into this district) | |
| H. List any major highways within this magisterial district: I 70, I 76, US 30, PA 119, PA 819 | |
| VI. LIST EXISTING MAGISTERIAL DISTRICT MUNICIPALITIES: | |
| New Stanton Borough, South Greensburg Borough, Youngwood Borough, Hunker Borough, Hempfield Twp (Voting Districts Of New Stanton, Weavers Old Stand, Maplewood, West Point, East View, University, Todd, Bovard, Fox Hill, Hannastown, Luxor) | |
| VII. LIST PROPOSED MAGISTERIAL DISTRICT MUNICIPALITIES: | |
| South Greensburg Borough, Southwest Greensburg Borough, Youngwood Borough, Hempfield Twp (Voting Districts Of Weavers Old Stand, Maplewood, West Point, East View, University, Todd, Bovard, Fox Hill, Hannastown, Luxor), And Unity Township (Voting Districts Of Dennison, Marguerite, Mutual, Kuhns, And Crabtree). | |
| VIII. ADDITIONAL COMMENTS: | |
| <p>*Changes in this district will occur twice. First, on January 1, 2013, Southwest Greensburg Borough will be added to decrease caseload in 10-2-10. New Stanton Borough, Hunker Borough and Hempfield Twp voting district of New Stanton will be removed both to offset the effect of adding Southwest Greensburg Borough and to increase caseload in 10-3-10. Second, *This district will re-align into Unity Township on MDJ Mahady's (10-2-08) mandatory retirement date of 1/1/2018 or any earlier termination of that district which may include the end of MDJ Mahady's current term of office on 1/3/2016. On that date, the Unity Township Voting Districts of Dennison, Marguerite, Mutual, Kuhns, and Crabtree will be transferred from 10-2-08.</p> <p>The overall effect of these changes is unknown, but, given information available, these would decrease total caseload by 738 and total workload by 1,958 for totals of 4,697 cases (-5% of new county average of 4,934) and a</p> | |

MAGISTERIAL DISTRICT REESTABLISHMENT WORKSHEET

workload of 35,165 (-8% of the new county average of 37,416).

The population of this realigned suburban/rural district would be 29,282 over 59.82 square miles for a population density of 490. The number for this second class district would be unchanged.

Subject: Redistricting District Justices

District Court Administrator Paul Kuntz:

The proposal does not make good sense, due to the future growth of Unity.

A better and more realistic plan, would be to move Judge Bilik to Mahady's office. Close Bilik's building and leave everything else alone. The office occupied by Bilik, would be an ideal location for a retail outlet and is marketable as such.

John Martin
700 Sylvan Ave
Latrobe, PA 15650

MAGISTERIAL DISTRICT REESTABLISHMENT WORKSHEET

| | |
|--|--|
| C. Mandatory Retirement Date (m/d/yyyy): | 12/31/2020 |
| D. Office Location (Street, City and Zip code): | 40 North Pennsylvania Ave Greensburg 15601 |
| E. Is the office within the boundaries of the magisterial district: | YES |
| F. Is the residence of the magisterial district judge within the boundaries of the magisterial district: | YES |
| G. List any police departments located within this magisterial district: | PSP, Greensburg |
| H. List any major highways within this magisterial district: | US 30, PA 119, PA 819, PA 66, PA 130 |
| VI. LIST EXISTING MAGISTERIAL DISTRICT MUNICIPALITIES: | City Of Greensburg, Southwest Greensburg Borough ✓ |
| VII. LIST PROPOSED MAGISTERIAL DISTRICT MUNICIPALITIES: | City Of Greensburg ✓ |
| VIII. ADDITIONAL COMMENTS: | <p>SW Greensburg Borough is being divested from this urban district to one with a lower caseload and workload. The only further possible breakup in order to lower case and workload would involve dividing the City of Greensburg. There is no need to do so at this time. Divesting Southwest Greensburg would reduce by 1,323 the number of criminal, traffic and related cases leaving the district with 6,782 cases, 37% above the new county average of 4,934 cases.</p> <p>The large majority, 1056, of these cases would be traffic. Workload would be reduced by 6,261 to 48,872 which is 31% above the new county average of 37,416 and 13% above state average for third class counties.</p> <p>Population of this district is 14,892 over an area of 4.05 square miles for a population density of 3,677. Because the population is less than 15,000, the number of this district will remain unchanged.</p> |

| VI. | LIST EXISTING MAGISTERIAL DISTRICT MUNICIPALITIES: | Adamsburg Borough, Arona Borough, Hempfield Twp (Voting Districts Of Carbon, West Adamsburg, East Adamsburg, Lincoln Heights, Lincoln Heights West, Gayville, North Carbon, Haydenville, Middletown, Sibel, Wendel-Herminie, Fort Allen) ✓ |
| VII. | LIST PROPOSED MAGISTERIAL DISTRICT MUNICIPALITIES: | Arona Borough, Hempfield Twp (Voting Districts Of Carbon, Lincoln Heights, Lincoln Heights West, Gayville, North Carbon, Haydenville, Middletown, Sibel, Wendel-Herminie, Fort Allen) ✓ |
| VIII. | ADDITIONAL COMMENTS: | Adamsburg Borough and the voting districts of East Adamsburg and West Adamsburg are being transferred into district 10-1-01 in order to redistribute case and work load. Realignment increases workload and caseload in District Court 10-1-01 while decreasing 10-3-01 by 96 cases and a workload of 460. The transfer of the two voting districts also transfer an indeterminable number of cases and workload. Projected caseload of this district would be 5,880 for a variation of 19% over the new average of 4,644. Workload would be 36,690 for a variation of -2%. The population of this second class magisterial district is 17,400 over 23.5 square miles for a population density of 739. The court number would remain unchanged. |

| H. List any major highways within this magisterial district: | Interstate 76/70 (Turnpike), US 30, PA 711, Pa. 130 |
| VI. LIST EXISTING MAGISTERIAL DISTRICT MUNICIPALITIES: | Ligonier Borough, Bolivar Borough, Donegal Borough, Laurel Mt Borough, New Florence Borough, New Florence Borough, Ligonier Twp, Cook Twp, Donegal Twp, Fairfield Twp, Seward Borough, And St Clair Twp |
| VII. LIST PROPOSED MAGISTERIAL DISTRICT MUNICIPALITIES: | Ligonier Borough, Bolivar Borough, Laurel Mt Borough, New Florence Borough, Seward Borough, Youngstown Borough, Ligonier Twp, Cook Twp, Fairfield Twp, St Clair Twp, And Unity Twp (Voting Districts Of Baggely, Beatty, Dorothy, Gravel Hill, Lloydsville, Pleasant Unity, Roble, And Whitney. |
| VIII. ADDITIONAL COMMENTS: | <p>*This district will re-align on MDJ Mahady's (10-2-08) mandatory retirement date of 1/1/2018 or any earlier termination of that district which may include the end of MDJ Mahady's current term of office on 1/3/1016. The divestment of Donegal Borough and Twp and the addition of Unity Twp, will increase work and caseload. Divesting Donegal Borough and Township would reduce caseload by 1,624, only 29 of which are criminal cases. 1,551 of the cases divested would be traffic. Workload would be decreased by 5,065. Transferring the majority of Unity Township would bring most of 1,762 cases including 261 criminal, and 16,476 in Unity Township workload units. Total caseload would be 3,920 or -21% variation of the new county average caseload. Total workload would be 32,383 or -13% variation from the new county average of 37,416. Other factors such as economic development along the US 30 corridor could cause quicker growth in caseload.</p> <p>The population of this rural/mountainous district would be 31,349 over 326 square miles for a population density of only 96. Increasing this district beyond</p> |

MAGISTERIAL DISTRICT REESTABLISHMENT WORKSHEET

the proposed 326 square miles (which is larger than Delaware County at 183.8 square miles, and almost as large as Lehigh and Northampton at 345 and 370 square miles respectively), would create extreme inconvenience to small communities and small police departments served by this district.

We intend to move the district's office and courtroom to either the current office of MDJ 10-2-08 or to a new county-owned office located in Unity Township near the current 10-2-08 office.

| VIII. ADDITIONAL COMMENTS: | <p>New Stanton Borough, Hunker Borough and Hempfield Twp voting district of New Stanton will be added to increase caseload and to offset increases in 10-2-01 expected by transferring Southwest Greensburg into that district . Caseload would be increased by 2,061, of which 1,892 are traffic, and workload would increase by 8,209. The new caseload and workload statistics would be 5,648 (14% above the new county average of 4934), and workload would be 35,779 (-4% of the new county average of 37,416).</p> <p>The population of this realigned rural district would be 20,292 over 80 square miles for a population density of 253. The district would remain a magisterial district of the third class and the number would be unchanged.</p> |

MAGISTERIAL DISTRICT REESTABLISHMENT WORKSHEET

PLEASE SUBMIT ONE COPY OF THIS WORKSHEET FOR EACH MAGISTERIAL DISTRICT.

To enter data, press TAB to move between fields.

| | | |
|--|--|---|
| I. | MAGISTERIAL DISTRICT COURT NUMBER (#####): | 10-3-11 |
| II. BREAKDOWN OF MAGISTERIAL DISTRICT - CASELOAD | | |
| A. | Average Total Caseload: | 5,806 |
| B. | Difference (%) between this magisterial district's average total caseload and your judicial district's average total caseload: | 25% |
| C. | Difference (%) between this magisterial district's average total caseload and applicable class of county's average total caseload: | 7% |
| III. BREAKDOWN OF MAGISTERIAL DISTRICT - WORKLOAD | | |
| A. | Average Total Workload: | 27,200 |
| B. | Difference (%) between this magisterial district's average total workload and the judicial district's average total workload: | -23% |
| C. | Does this magisterial district have an average total workload that is fifteen percent <i>greater than or less than</i> any other magisterial district within your judicial district: | YES |
| D. | If YES, how does this difference impact workload equity within your judicial district? This has traditionally been our highest caseload office. Since divesting Donegal Township several years ago, the caseload has dropped. We anticipate by realigning Donegal back into this district, we will address any workload equity issue. | |
| IV. PROPOSED CHANGE: | | |
| A. | Please indicate any proposed change in this magisterial district. Check all that apply. | <input type="checkbox"/> Reestablish <input checked="" type="checkbox"/> Realign <input type="checkbox"/> Eliminate |
| B. | What is the proposed effective date (m/d/yyyy): | 1/3/2018 |
| V. MAGISTERIAL DISTRICT INFORMATION: | | |

MAGISTERIAL DISTRICT REESTABLISHMENT WORKSHEET

| | |
|--|--|
| A. Magisterial District Judge Name: Roger Eckels | |
| B. Term Expiration (m/d/yyyy): | 1/3/2016 |
| C. Mandatory Retirement Date (m/d/yyyy): | 12/31/2024 |
| D. Office Location (Street, City and Zip code): | 2320 Mt. Pleasant Rd Mt. Pleasant 15666 |
| E. Is the office within the boundaries of the magisterial district: | YES |
| F. Is the residence of the magisterial district judge within the boundaries of the magisterial district: | YES |
| G. List any police departments located within this magisterial district: | PSP, Mt. Pleasant Borough |
| H. List any major highways within this magisterial district: | I 76/70, PA 31, 711, 819, 981, 982 |
| VI. LIST EXISTING MAGISTERIAL DISTRICT MUNICIPALITIES: | Mt Pleasant Borough, Mt Pleasant Twp  |
| VII. LIST PROPOSED MAGISTERIAL DISTRICT MUNICIPALITIES: | Mt Pleasnt Borough, Mt Pleasant Twp, Donegal Borough, And Donegal Twp  |
| VIII. ADDITIONAL COMMENTS: | <p>*This district will re-align on MDJ Mahady's (10-2-08) mandatory retirement date of 1/1/2018 or any earlier termination of that district which may include the end of MDJ Mahady's current term of office on 1/3/1016. The addition of Donegal Borugh and Donegal Township will bring 1,624 cases, only 29 of which are criminal cases. The large majority, 1,551 cases are traffic. This would increase total caseload to 7,430, 6,527 of which are traffic. Workload would increase from 27,200 to 32,266 with the additional 5,066 associated with the Donegals. The 51% above district caseload would be mostly attributable to traffic violations on the Pa. Turnpike, and balanced by the -14% in workload.</p> <p>Intangibly, we could expect an increase in turnpike filings by the Somerset Barracks through Donegal Township to correspond to prior filing numbers.</p> <p>The population of this rural/mountainous district is 17,888 over 106.32 square miles for a population density of 168. The number of this third class mdj district should remain unchanged.</p> |
