09NOV2020

Filed 12/4/2020 6:32:00 PM Commonwealth Court of Pennsylvania

**DECLARATION OF GREGORY STENSTROM IN SUPPORT OF PLAINTIFFS'  
MOTION FOR TEMPORARY RESTRAINING ORDER AND PRELIMINARY  
INJUNCTION**

I, Gregory Stenstrom, hereby declare as follows under penalty of perjury:

1. The following statements are based on my personal knowledge, and if called to testify I could swear competently thereto.
2. I am at least 18 years old and of sound mind.
3. I am a citizen of the United States and of the Commonwealth of Pennsylvania. I reside at 1541 Farmers Lane, Glenn Mills, PA 19342. I am an eligible Pennsylvania voter and am registered to vote in Delaware County.
4. I voted in the November 3rd, 2020 general election.
5. The Delaware County Republican Committee appointed me as the sole GOP poll watcher for 36 precincts (1-1 through 11-6), located in Chester City, Pennsylvania, of which I was able to inspect and observe 22 precincts.
6. The Delaware County Board of Elections provided me with a certificate of appointment as a poll watcher.
7. I carried my certificate of appointment with me when I presented at the polling locations in Chester City on Election Day and presented the certificate when requested to do so.
8. I did not attempt to enter the enclosed space within any polling location, nor interfere in any way with the process of voting, nor mark or alter any official election record.
9. On November 3rd, I observed poll workers in multiple assigned Chester City polling places, that included the 1-3, 1-4, 1-6, 2-1, 2-2, 2-3, 11-2, and several others, provide regular ballots, rather than provisional ballots, to voters who were told they had registered to

vote by mail, without making them sign in the registration book. I challenged the practice in those precincts where I observed it, and while I was present, they then stopped the practice and began providing provisional ballots. I was informed at each polling location by their respective judge of elections that I was the only GOP poll watcher they had seen in this 2020 election, or any other election they could remember.

10. On the evening of November 3rd, I went to the Delco Chester City counting center with my certified poll watcher certificate, to observe, on assignment as the sole poll watcher from the Tom Killion Campaign, as authorized and tasked to do so by Cody Bright, Mr. Killion's campaign manager, at approximately 6pm. Mr. Bright had been informed, and he informed me in turn, that there were "a dozen national level GOP poll watchers" at the counting center observing and monitoring, but he was apparently misinformed. I checked into the building observing their COVID-19 procedures, and took the elevator from the ground floor to the 1<sup>st</sup> floor counting room, was denied entry, surrounded by first four (4) Park Police, and then an additional five (5) joined them. I presented my poll watcher certificate, and refused to leave, and was threatened with physical removal and arrest, which I humorously stated would be agreeable to me, de-escalating the situation, at which point I was informed there was a separate list for "observers," and I had to somehow get on it. I asked if there were any GOP poll watchers in the building and was informed by Deputy Sheriff Donahue that there were two (2) inside. I asked to speak to them, and one man came out. I asked him how he got on the list and he stated he had volunteered via email and been told to go there, with no other explanation as to what he was supposed to do other than "watch," and that he was leaving shortly. I asked him if he knew what he was supposed to be "watching" and if he could see anything at all, and he stated he had

“no idea,” and “couldn’t see anything from behind the barriers.” I went back to the ground floor to figure out how to gain access and make calls.

11. While on the ground floor working on obtaining GOP assistance and authorized access, I witnessed organized chaos with rolling racks of mail-in ballots going in different directions with some going to the cafeteria, and some going to and from the main elevators, the separate garage loading dock elevators, and some to and from the back doors closest to the Delaware River, without any chain of custody. There was no apparent process integrity, or obvious way for anyone to determine the origin of any mail-in ballot, or its ingestion, or egress into the system. Some workers sat at cafeteria tables while others brought them boxes of mail-in ballots, while yet others collected and pushed the rolling racks around. Joe Masalta took videos and photos of this operation, and has also completed an affidavit.

12. After seeking legal assistance through multiple avenues, I obtained a lawyer, John McBlain, after a call to the 501C Project Amistad organization, who arrived on site at approximately 10pm, and we went back up to the 1<sup>st</sup> floor counting room. We were met with similar hostility to my earlier experience, and went back to the ground floor where Mr. McBlain made multiple phone calls. I learned he was a former Delaware County Solicitor and familiar to some of Election Board staff. I was subsequently added to the entry list and finally gained access as an official “observer,” along with Mr. Barron Rendel, one of several people I had asked to accompany me, at approximately 11pm, five (5) hours after our arrival.

13. We were the only GOP “observers” in the room, that was otherwise packed with Democrat employees, volunteers, and poll watchers.

14. I observed a counting room for ballots with counting machines. Trays of ballots came in through three doors that appeared to lead from a back office, a second back office supply room, and doors leading from an outside hallway with separate elevator access from the public elevators and the garage loading dock elevators.

Figure 4 - The BlueCrest Sorting Machine Loading Tray section

DECLARATION OF GREGORY STENSTROM RE DELAWARE COUNTY, PA, ELECTION

15. I had no meaningful opportunity to observe any part of the count: the sorting appeared to have been done elsewhere, and the machines were too far away from the observation position to see any part of the mail-in envelopes or ballots. I observed opened ballots going out the second back office closest to the windows in red boxes after handling and sorting by volunteers, some being placed in green boxes, and ballots from the green boxes being placed in scanners by workers, similar to the scanner I had used to vote myself, but was too far away (30 feet) to be sure. I asked the sheriff where the ballots came from, and where the ones that were leaving the room went, and he said he did not know.

16. I asked Ms. Lorraine Hagan, the elections official in charge of the operations, where the ballots were coming from and how they were being processed. She responded that I was only there to observe, and that I had no right to ask any questions. I said that I wanted to observe the activity in the sequestered room, but she denied my request, stating that the law prohibited access to that room by poll observers. I responded that there was no law denying access to observers, and she then said that it was “a COVID thing.” I pointed out that I have a mask on, and so did the people visible through the door when it opened. She then informed me that she wanted to prevent us from “interfering.” I responded that I was only there to observe and not to interfere, and to make a statement if I observed something wrong. Ms. Hagan said, “I assure you that everything’s fine. There’s no fraud going on.”

17. Shortly after this exchange with Ms. Hagan, workers – who appeared to be volunteers – started bringing in semi-opaque bins with blue folding tops that contained clear plastic bags, approximately 10” square, with each bag containing a scanner cartridge, a USB drive, and a paper tape, and they were brought to the computer tables which contained four (4) computer workstation towers on tables connected to four (4) wall mounted monitors, with one

workstation tower on the floor under the tables that was not connected to a monitor, for a total of five (5) computers. A flurry of workers started disassembling the bags and separating out the USB sticks, cartridges, and paper tapes from the plastic bags, and dropping them in open cardboard boxes, with two workers sticking the USB drives into the computers to start the election day counts. I immediately objected, and demanded that Mr. McBlain challenge the process, and he again retrieved Ms. Hagan to hear my objections. I asked why the returned items had not come with the sealed bags from the judges of elections, and she explained that they had been taken out of the bags at the three (3) county election “processing centers” by the Sheriffs who were collecting them for ease of transport, and I stated that that was a break in the chain of custody, to which she shrugged her shoulders. I then asked her why they were separating out the USB drives from the cartridges and paper tapes, which was destroying any forensic auditability and further corrupting chain of custody, and she said “that’s how we have always done it,” and again stated I had no right to object, interfere, and was only permitted to observe, turned on her heels and walked away. I pleaded with Mr. McBlain to intervene and at least demand that the USB drives remain with the cartridges and tapes in the plastic bags so we would not have to reassemble them during tabulation, and he did nothing.

18. It is noteworthy that dozens of “volunteer” workers constantly streamed through the counting area unaccompanied, with no check of either ID’s, or names, as the certified poll watchers were, several still wearing “Voter Integrity” lanyards and badges that had been widely distributed by Democrat poll watchers throughout the day, and they walked about unrestricted, and unaccompanied without any scrutiny, many handling ballots.

19. After multiple, similarly caustic exchanges, elections officials continued to refuse access to the back rooms and a line of sight to anything meaningful, and under threat of removal

DECLARATION OF GREGORY STENSTROM RE DELAWARE COUNTY, PA, ELECTION  
09NOV2020

by Park Police and Sheriffs we were stuck “observing” in a small box where we could essentially see nothing, and I again conveyed to John McBlain that I wanted to pursue further legal recourse to gain meaningful access, and he left the roped off area to seek Solicitor Manly. At approximately 2:30am he returned, and stated he had a conversation with the President of the Board of Elections, and they had agreed to allow us access to the “back office” and “locked “ballot room” at 9:30 AM the following morning. By that time, and given that any other legal recourse would have taken as long, or longer, and there was nothing meaningful to observe, I objected, but reluctantly agreed and left. I believe counting continued through the night because the count had increased, when I returned several hours later, the count on the tally screen was approximately 140,000 for Biden, and 85,000 for President Trump, and with all Republican candidates of all other races leading their opponents.

20. As agreed only seven (7) hours previous with the Chairman of the Board of Elections and Solicitor Manly, I returned with attorney John McBlain, and Leah Hoopes, an official poll watcher for President Trump, at 9:30 AM. The elections officials ignored us for two hours, and at 11:30 AM, Ms. Hagan informed us that she would give a tour of the Chester City counting center to our group and a few Democrat poll watchers. I stated that I did not want a tour of the facility, that I only wanted them to honor their agreement to allow direct access to the sequestered counting room, and was ignored. Ms. Hagan, along with Ms. Maryann Jackson, another elections official, did not allow us to enter the sequestered counting room. Instead they walked us in an approximate 20-foot circle directly in front of the roped off area we had been restricted to, discussing the basics of election balloting but provided no insight into the purpose of the sequestered counting room.

DECLARATION OF GREGORY STENSTROM RE DELAWARE COUNTY, PA, ELECTION

21. One comment made by Ms. Hagan led me to think that “pre”-pre-canvassing happened in the back room. The comment indicated that all ballots had been checked before going downstairs to the ground floor cafeteria for pre-canvassing, before being brought back to the 1<sup>st</sup> floor counting area, and entering the main counting room, for accuracy/sufficiency of signature, date, and barcode label, and entry in the Commonwealth SURE system. I specifically asked Ms. Hagan whether the names and signature were matched, and whether the dates and barcode label were accurate. She replied in the affirmative. I then asked whether the names were checked against the voter registration rolls, and she again answered in the affirmative, indicating that people in the back room did the checking.

22. From my vantage point, I observed approximately ten people in the back room through the door when it was opened. Ms. Hagan confirmed that no ballots went through the BlueCrest sorter (photo included herein) without first being checked for name, date, signature, and barcode.

23. I could see 4000-5000 ballots in bins on the racks next to the BlueCrest Sorter, and I asked both Ms. Hagan and Ms. Jackson in front of the group “If all of the mail in ballot envelopes are checked for completion, as you stated, then why are there multiple large bins of ballots on the racks next us between the BlueCrest sorter and ballot extractors labeled “No Name,” “No date,” and “No signature,” on the bins?” The election officials, red faced, declined to answer. At this time, several Democrat observers, including Mr. Richard Schiffer, conferred with myself and Ms. Hoopes and stated that they were now not comfortable with the ballot ingestion process, and the back room, being sequestered from all watcher’s sight, and also wanted to see the back room with us. The bins mentioned above were removed shortly after.

DECLARATION OF GREGORY STENSTROM RE DELAWARE COUNTY, PA, ELECTION  
09NOV2020

24. At this time, Ms. Hagan and Ms. Maryann Jackson ended the “tour” to “take a phone call” upon the arrival, and demand of Solicitor Manley Parks, and the “tour” was abruptly ended. I asked Solicitor Parks when that phone call would be done so that we could see the back rooms as promised, and he said he did not know. I asked him if he intended to grant us access as promised, and he simply turned around, and walked into the back room without further comment. Ms. Hagan, Ms. Jackson, and Solicitor Parks never returned, and we left after two (2) hours after having been denied access to the back room.

25. Mr. McBlain, our attorney, went to court and obtained a court order providing access to the room, and texted me that the court order had been signed by Common Pleas Judge Capuzzi at 9:30 PM, and the court order required that observers receive only a five minute observation period in the sequestered room once every two hours.

26. I returned the following morning at 8:30 AM with Ms. Hoopes and the sheriff again barred entry despite the court order. I contacted Judge Capuzzi’s chambers directly and explained to his secretary that the elections officials were not complying with his order. She suggested that I consult with my attorney to follow through, and that she could not discuss the matter further with me.

27. When I returned to the main room, I saw that some areas had been cordoned off, and John McBlain unexpectedly came out from the back room and stated he had conferred with Solicitor Manley Parks and they had mutually agreed to bringing ballots in question out from the sequestered room to the main room so that I didn’t have to go into the back room. Mr. McBlain told me that the elections officials were going to bring 4500 of the 6000 total ballots in the back room out to the main room, and leave the remaining 1500 spoiled ballots in the “spoilage room.” I made Mr. McBlain confirm multiple times that the “universe” of remaining ballots in the back

DECLARATION OF GREGORY STENSTROM RE DELAWARE COUNTY, PA, ELECTION  
09NOV2020

room that remained to be processed was, in fact 6,000, and further made him affirm multiple times that he had personally sighted those ballots in the back rooms and storage rooms, and he re-affirmed this multiple times to me,

28. Mr. McBlain stated that their new plan was to re-tabulate the 4500 ballots by re-filling them out with a pen so that they could be read by voting machines, so we could “see everything.” I followed him out of the counting room, and continued to ask him if it was, in fact, legal under election law to cure ballots, and was unconvinced that this was the case, and thought we should challenge it, but he assured me it was “normal” procedure and got on the elevator and left. It was during this time that Leah Hoopes, who had remained behind in the counting room (see her Affidavit) observed Jim Savage, the Delaware County voting machine warehouse supervisor, walk in with about a dozen USB drives in a clear unsealed bag, and she showed me two photos she had been able to surreptitiously take (no photos or camera use was permitted anywhere in the counting rooms despite live streaming cameras throughout the room).

29. I went back outside to see if I could retrieve Mr. McBlain, unsuccessfully, and upon my return to the counting room at approximately 11am, I observed Mr. Savage plugging USB drives into the vote tallying computers. The bag containing those drives was not sealed or secured, and the voting machine cartridges were not present with the drives, and he had no ballots at that time.

Figure 5 - Delco Voting Machine Warehouse Manager Jim Savage holding bag of USB drives  
Thursday morning

30. I immediately objected and challenged the uploading of votes from the unsecured drives, and retrieved Deputy Sheriff Mike Donahue with my objection, and he went to the back room to retrieve Ms. Hagan. Ms. Hagan informed me that I could only observe the process but I could not make any comments or ask any questions while Mr. Savage was directly in front of us loading USB sticks, and the display monitors above the computers reflected that they were being updated. I responded that I was indeed observing a person plug USB sticks into the computer without any apparent chain of custody and without any oversight. No one stopped the upload, and Mr. Savage was permitted to continue this process and he was then allowed to walk out without any interference or examination by anyone. I called and texted Mr. McBlain throughout the day without success to get him back to the counting center to address the USB issue, and what was now being reported to me by other GOP observers that there appeared to be more additional paper ballots in excess of the 6000 “universe” coming into the office administration area that McBlain had assured me of, to represent us and get us into the back office and storage room as ordered by the judge. He would not return until approximately 5:30pm.

31. **Approximately one hour after Savage had departed, at 1:06pm, the center published an update on the vote. The numbers moved dramatically as follows: from approximately 140,000 Biden and 85,000 Trump in the morning; to now approximately 180,000 Biden and 105,000 Trump after the 1:06 PM update. (At that 1:06 PM update, ALL Republican candidates who had previous leads were reversed and flipped).**

32. Having seen the USB updates, and now seeing paper ballots in the back office, and other observers reporting that they had seen more ballots as well, I went outside and again called Judge Capuzzi’s office and again spoke with his secretary and explained the situation, and the McBlain had departed and was nonresponsive to calls or texts, and she asked me what I

wanted the judge to do. I stated that I wanted him to call to demand his order be enforced, and that I would gladly bring my phone back up and hand it to the Sheriff and Solicitor. She stated she could not provide any legal advice, suggested I seek legal counsel, and hung up. She did not realize she had not actually seated the phone in it's receiver and I heard loud laughter from her and a deeper toned laugh from a male before the line went dead, and I returned back inside to the counting floor.

33. At 1:30 PM, Deputy Sheriff Donahue inexplicably informed me I would now be allowed to access the locked ballot room for exactly 5 minutes, after having been denied access despite all previous efforts. We were met by Delaware County Solicitor William F. Martin, and I was joined by Democrat Observer Dr. Jonathan Briskin. On my way to the locked storage room, while passing through what was now referred to as the "back office," I counted 21 white USPS open letter boxes on two racks, on my immediate right after entering the room, labeled "500 ballots" per box. In addition, the approximately 16 cubicles for workers in the same room each contained one box also labeled "500 ballots," for a total of 31 boxes of 500 in that sequestered room. This is the same room that McBlain had stated had 4,500 ballots in it earlier, most of which had been presumably moved to the front of the counting room (and later cured and copied to new ballots) and was supposed to be relatively empty with the exception of "several hundred ballots being processed by workers to update the Commonwealth's SURE system," according to McBlain. This was a delta (difference) of approximately 16,500 ballots in just the "back office."

Figure 6 - Table with 4,500 opened ballots that would reportedly not scan being sorted and cured. Note approximate 10 foot distance from "observer" barrier

34. Just after the two racks with the 21 boxes of 500 unopened ballots each, I observed an open door to a 20'x30' storage room with dozens of semi opaque storage bins with blue folding tops that appeared to have envelopes in them. I could see through to another door that led back into the counting room which was the same door I had seen workers bring red bins full of "spoiled" ballots in the previous evening.

DECLARATION OF GREGORY STENSTROM RE DELAWARE COUNTY, PA, ELECTION  
09NOV2020

35. I also saw one shelf just to the left of the locked and secured “ballot room” with 4 sealed boxes. I lifted one box before Solicitor Martin objected that I could not touch anything, and it was heavy, and approximately 30-40 pounds. They appeared to match the description of the boxes described to me earlier by poll watcher Jim Driscoll and another observer with a first name of Paul. If those boxes contained ballots, I estimate that they were about two times the size of the 500-ballot containers, and if full, could have contained an additional 2,500 ballots per box for a total of 10,000.

36. Ms. Hagan unlocked and opened the “ballot room” and Solicitor Hagan entered first and started the timer for 5 minutes, with Sheriff Donahue following us and closing the door behind us. There were multiple racks filled with thousands of unopened mail-in ballots. We were not allowed to take any photos, so I immediately started counting. Labels on some boxes were visible, mostly with names of districts known to trend Republican, including Bethel and Brandywine. I took the following notes at the time:

- a. 5 boxes of 500 labeled 10-12
- b. 5 boxes of 500 labeled 18-20
- c. 1 box of 500 each, labeled 26-28, 50-52, and 58-60.
- d. The remaining boxes did not have markings visible and we were not allowed to touch them to determine their origin.
- e. Democratic poll watcher Dr. Jonathan Briskin also observed these boxes and confirmed the numbers of ballots, and that the total number of ballots was vastly greater than we had been led to believe earlier in the day.
- f. I later observed Dr. Briskin working with a fellow female poll watcher drawing a diagram and detailing what he had seen after we were returned to

the roped off area in the counting room, and noted it was quite detailed and corroborated what I had observed in the ballot room.

37. In addition to the boxes of unopened mail-in ballots, I observed another shelf that was packed with open and ripped clear plastic bags with cartridges, green security ties, and a 16"x16"x28" cardboard box labeled "CHAIN OF CUSTODY RECEIPTS." In total, I estimated approximately 18,500 unopened mail-in ballots, which Dr. Briskin uncomfortably concurred with.

38. So, after being told the "universe" of total remaining paper ballots to be counted was 6,000 by Mr. McBlain, the 1:30pm tour, on Thursday, two days after election, and 38 hours after being denied access, and having to obtain a court order, I sighted a total of:

- a. 16,500 unopened mail-in ballots in the "back office"
- b. 18,500 unopened mail-in ballots in the locked "ballot room"
- c. Potentially 10,000 ballots in the sealed 30-40-pound boxes outside of the locked ballot room
- d. 4,500 ballots being "cured" in the counting room
- e. For a grand total of 49,500 unopened ballots***

39. To my knowledge, and according to the tally monitor, and as reported on the web, 113,000 mail-in ballots had been requested, and 120,000 mail-in ballots had already been counted, with an approximate outcome of 18,000 for President Trump and 102,000 for Biden already recorded.

40. At that time, I assumed that the approximately 49,500 unopened ballots would also be processed in the pending running of the sorter, envelope-ballot extractors, and scanners, adding those ballots to the overall total.

DECLARATION OF GREGORY STENSTROM RE DELAWARE COUNTY, PA, ELECTION  
09NOV2020

41. At 3:30 PM, I again re-entered the room, now accompanied by another Democrat poll watcher who did not provide her name, and in addition to the boxes I previously observed and described above, which remained undisturbed, I saw an additional two racks had been moved into the room, with another 16 additional, new boxes of 500 unopened mail-in ballots with approximately 8000 more unopened mail in ballots labeled 5-2, 6-1, 6-2, and 7-2, with some labels not visible from my position. There were three red “spoiled” ballot boxes with several shed ballots visible in one, and the others appeared to be empty, but I could not verify as I was not allowed to touch anything or take any photos. The 21 boxes in the “back office” were still in place, so this brought the suspected unopened mail in ballot total to **57,500**.

42. I asked Sheriff Donahue when the next machine run that would process the unopened ballots was scheduled for, and was informed that election officials planned on a 4:00PM start, and I could see workers coming in and preparing. I went outside to call GOP officials to see if we could potentially either delay the run, or be permitted to get close enough to the machines to see something, but was unsuccessful.

43. When I returned at 5:30 PM for the next 5 minute tour, I was informed that a Committeewoman, and Delco GOP representative, Val Biancaniello, had been taken in my place by Solicitor Martin, and upon her return I asked her why she would do that, and what she had observed. She stated she had “not seen any fraud” and I again asked her specifically, if she had seen boxes of unopened mail in ballots, and she said “oh, yes, lots of them,” but could not recall any further details. When I pressed her for more details, she became very angry, and told me I needed to “relax,” and that she had “straightened everything out,” and gotten more observers to watch over the re-filling out of the 4,500 ballots that could not be scanned.

DECLARATION OF GREGORY STENSTROM RE DELAWARE COUNTY, PA, ELECTION  
09NOV2020

44. It is noteworthy that I was able to see the table of 4500 ballots being curated and re-filled out, and those I was able to see were all for Biden without exception. I asked Joe Driscoll if he had been able to see, and he said he had seen 15 for Biden and 1 for President Trump, before election officials repositioned the barrier moving us back from being able to see.

45. For the 7:30 5-minute inspection, Val vigorously objected to me going back into the room, and demanded we send Attorney Britain Henry instead, who had been convinced to come to the center by Leah Hoopes, and who I had been speaking with for the previous hour. Val stated she had “got him down there,” which was confusing to me, but I agreed it would be a good idea for an attorney to corroborate my observations, and briefed him of the layout, previous observations, and what to look for over Val’s increasingly loud, and impatient objections.

46. Attorney Henry returned from the tour and essentially corroborated my observations, and my understanding is he is preparing a statement of what he observed. I did not understand, and could not reconcile at that time, why the election result counts had remained roughly the same, while the sorters and envelope extraction machines had been running for almost 4 hours, and presumably processing mail in ballots, and at that time attributed it to the count not being updated on the monitor.

47. In the presence of Ms. Biancaniello and Attorney Henry, I asked the now present Mr. McBlain to explain how the USB drives had made their way to the center carried by Mr. Savage. He informed me that in his experience, some USB drives were typically left in voting machines by judges of elections overnight in previous elections, and that Mr. Savage had simply found them in the machines that had been returned from polling locations back to the warehouse, including machines that still had all components in them (USB. Cartridge, and Paper Tape) and that the next day he had transported approximately 24 USB sticks and an assortment of

DECLARATION OF GREGORY STENSTROM RE DELAWARE COUNTY, PA, ELECTION  
09NOV2020

cartridges and tapes from the warehouse to the counting center. I pressed him to find out why there had been so many, and why there was no chain of custody, and why Mr. Savage would be involved in entering the USB drives into the computers without any other election officials present, particularly Ms. Hagan, who had overseen the process previously. Mr. McBlain informed me that it had been explained to him that some judges of elections had left entire scanners – with cartridges, USB drives and tapes – and that the moving company had returned them to the warehouse, where Mr. Savage collected everything and put them in bags. This explanation, in part, accounted for the 5 large election judge bags that I witnessed had been carried in by a Sheriff earlier, and I was able to take photos of them being removed from the building later.

Figure 7 – Presumed Cartridges, USB, Paper Tape from scanner, properly sealed with green lock tie, being brought into building on THURSDAY morning by Sheriff, having been allegedly returned to the warehouse WEDNESDAY morning. They were opened without observers in off limits sequestered area

Figure 8 - Five (5) more bags from scanners that had been allegedly "left at polling locations" and brought to counting center THURSDAY afternoon. Sheriff Donahue is on left.

48. I informed Mr. McBlain in the presence of Ms. Biancaniello that I had seen the 30,000 vote jump for Biden after Mr. Savage had plugged in the USB drives earlier, as described above, and asked them both if that was "normal" for previous elections, and they did not respond.

49. Despite my multiple, strong and forceful objections, to the lack of transparency, and what I perceived to be a significant break down in any chain of custody, I was routinely ignored by election officials, and was met by mostly blank stares and shoulder shrugs by Mr. McBlain. I could not understand how the mail-in ballot count remained essentially steady at

120,000 when myself and multiple others described herein had sighted anywhere from 20,000 to 60,000 unopened mail in ballots AFTER the 120,000 count had already been completed and updated on the <http://DelcoPA.Gov/Vote> website. I do not know where the 120,000 ballots went from the counting room after being counted, and was ignored by Ms. Hagan when I asked her where they were, and denied access to see them. At the end of the day on Thursday, I observed the opaque blue lidded plastic boxes stacked against the wall next to the BlueCrest sorter with what appeared to be mail-in voter envelopes but was not permitted to go near them and find out if they were opened and empty, or still sealed with ballots, or still had ballots in them, and they disappeared from the room shortly after I took the photo below.
