ORDER

PER CURIAM

AND NOW, this 15th day of February, 2017, the Petition for Allowance of Appeal is **GRANTED**. The issues, rephrased for clarity, are:

- (1) Whether the Superior Court panel decision is in conflict with the Supreme Court of Pennsylvania's decision in *Commonwealth v. Washington*, ___ Pa. ___, 142 A.3d 810 (2016), decided July 19, 2016?
- (2) Whether the Superior Court panel decision ordered inappropriate relief, in that, the panel vacated that portion of the plea defendant challenged and remanded for resentencing; if defendant is entitled to relief, *which he is not*, the appropriate relief would be to vacate the entire plea and remand the case for trial on all the original charges?
