Pennsylvania cybercrime by the numbers

HARRISBURG — Cybercrime is crime conducted via the Internet or some other computer network. The top convictions in Pennsylvania for cybercrime offenses are computer theft and online pornography. Between 2012 and 2015, there were 1,461 convictions for cybercrime committed by 250 people. The infographic below provides an overview of cybercrime in Pennsylvania. Reporters are encouraged to use the full graphic or parts of the graphic by [downloading a high-resolution version](#).

PA Courts InfoShare is a bi-weekly product of the Administrative Office of Pennsylvania Courts (AOPC) that visually highlights the work of the courts with interesting data and statistics obtained through the judiciary's case management systems, interactive dashboards and other research. Reproduction is permissible with source cited.
