THIRD JUDICIAL DISTRICT

The Northampton County Court of Common Pleas is hiring law clerks for the term of 2023-2024. Northampton County offers a superior clerkship experience at the common pleas level. Our clerks spend a great deal of time in the courtroom observing proceedings in addition to participating with their assigned judges in the resolution of pretrial and post-trial motions, researching evidentiary issues that arise during the course of court proceedings, preparing jury charges, and in conducting legal research and drafting opinions.

Competitive candidates will be in the upper third of their class after their first two years of law school and have a B average or above in legal research and writing. In addition to current year salary (which is \$63,626) plus benefits, there is additional compensation in the approximate amount of \$2000 available for processing divorces.

Those interested should send their resume, law school transcript, and writing sample to Judy Mahar jmahar@northamptoncounty.org and Daniel Dicce ddicce@northamptoncounty.org as soon as possible.
