

# Courtroom to Classroom Video Activity

Grades K-12

The Supreme Court of Pennsylvania Historical Commission is excited to announce a statewide series of student contests designed to spark curiosity, creativity, and deeper understanding of the judicial branch of government. This initiative invites students to explore the work, role, and impact of the courts through a variety of fun and educational activities. Let's celebrate our courts and the rule of law – and inspire the next generation of informed citizens and leaders!

Students are invited to produce short videos responding to one of the following prompts:

- What do you think judges do?
- Do you think you would make a good judge?
- Why do we need judges?

**SUBMISSIONS ACCEPTED  
ON A ROLLING BASIS**
